

Lowell Man Charged With Murder

SMALLPOX OUTBREAK FEARED

STRIKE LEADERS HELD ON MURDER CHARGE

Lowell Man and His Wife Held in
Connection With the Death of
Woman at Ipswich

IPSWICH, June 11.—Three Industrial Workers of the World, two of whom are officials and the third the wife of one of them, were today held without bail on the charge of murder as a result of last night's strike riot in which one woman was killed and seven other persons were seriously injured. Sixteen other persons were charged with rioting or assault, bonds of \$2000 being required for the first offense and \$300 on the lesser allegation.

Those held for murder are Nathan Hermann, an organizer of the I. W. W., who was active in the textile strike at Little Falls, N. Y., E. L. Pingree of the Lowell branch, and Mrs. E. L. Pingree.

200 WORKERS RETURNED THIS MORNING—MORE ARRESTS

IPSWICH, June 11.—The Ipswich mills, near the gates of which one woman was killed and a number of persons severely injured during a riot last night, were opened this morning without further disturbances.

More than 100 police, brought from nearby cities and towns, guarded every approach to the factory gates. About 200 persons resumed work and nearly 500 remained on strike.

Three additional arrests, bringing the total to 23, were made today in connection with last night's rioting. Five of the arrested persons were injured in the rioting and are at the Salem hospital. All the others, together with Carroll L. Pingree of Lowell, his wife and Nathan Hermann of Boston, were brought into the local court this forenoon. The charge against the three named was inciting a riot and against the others the less serious charge of rioting was preferred. Thomas J. Halliday of Boston, secretary of the textile branch of the Industrial Workers of the World, arrived here temporarily to take the place of the strike leaders who are in custody.

Halliday had not been in town two hours before he was taken into custody and lodged in jail for safe keeping. No charge was preferred against him.

STREET RESEMBLED A BATTLE

FIELD—ONE KILLED;

MANY INJURED

IPSWICH, June 11.—One woman was

killed, seven others were shot and seriously wounded, and nearly 50 persons, including several policemen, were clubbed and hurt by stones in a strike riot before the Ipswich mill gates at 6 o'clock last night.

Saltanostall street, a small thoroughfare running to the mill gates, and where the rioting occurred, resembled a battle field after the surging, fighting body of strikers and sympathizers had been driven from it by the charging squads of police.

Men and women lay stretched in the street. Others, injured, crept away or were assisted by friends.

Lowell Leader Arrested
Thirteen men and women were arrested. Among them are Nathan Hermann of Boston and C. L. Pingree and his wife Mary, of Lowell, leaders of the Industrial Workers of the World.

They are charged with inciting to riot, resulting in murder. On this complaint there is no bail.

Three men and two women, all Greeks, who were rushed to the Salem hospital, where they were operated upon at once.

Two women who were clubbed were taken to the town hall, which was opened as a temporary hospital and to which, later, several others who were injured were taken.

Hurled Stones at Officers.

The fighting started when someone in a crowd of about 50 Greeks, few of whom were strikers, threw a stone at a squad of Lawrence policemen who had been stationed at Saltanostall street.

They were part of a detail of 25 officers sent to guard the operatives as they came from the mills at closing time.

The policemen, when the stone was thrown, were ordered to charge the crowd. They did so with drawn clubs. The crowd, augmented by hundreds when the body of strikers saw what was happening, slowly gave way.

They met the police, with stones, clubs and bottles. The air was full of missiles.

A stone wall, some six feet in height, separated the house lots adjacent from the sidewalks. These houses are conducted as Greek boarding places.

The mob, followed by the officers, surged through the gateways and over the stone fence. Inside they redoubled their attacks from their vantage point.

COMPULSORY VACCINATION IN THE PRIVATE SCHOOLS

The board of health had a conference this morning for the purpose of making further investigation into the case of smallpox reported by Dr. R. Mignault and verified by the local smallpox expert, Dr. E. G. Livingston, yesterday.

The board had reason to believe that there is a connection between the case reported yesterday and the last case cared for at the contagious disease hospital in Chelmsford street. The case reported by Dr. Mignault yesterday, was that of Joseph Castonguay, whose home is in the rear of 493 Moody street. The last patient to occupy the smallpox hospital in Chelmsford street was Resmond Degagne of Wolburn street, who was taken to the hospital on January 21 of the present year, and released on March 5.

Castonguay, with his wife and seven children, were sent to the smallpox hospital yesterday afternoon. A woman, a sister of Castonguay, who was in the house at the time Dr. Livingston called, made a speedy exit, going

it is believed, to her home in Boston. Agent Dates immediately notified the board of health of Boston of her address, with instructions to hold her.

Dr. McAvinnue Appointed

At its conference, this morning, the board of health appointed Dr. Frank McAvinnue to follow up the smallpox case reported yesterday and to ascertain, if possible, its origin. Dr. McAvinnue is also an expert on smallpox and his services in this instance will be especially valuable as he talks both English and French. To say that he speaks both tongues fluently and correctly is superfluous, for the doctor is very correct in everything.

Connects the Two Cases

Dr. McAvinnue has already gone into the matter to some extent and has established, to his own satisfaction, at least, a connection between the case reported yesterday and the last case treated at the smallpox hospital. He has found that the two families visited each other, and the doctor is also very positive that six of the children sent

to the smallpox hospital yesterday have but recently recovered from smallpox. He does not hold that Mr. and Mrs. Castonguay were cognizant of the fact that the children had the disease and he believes they had it in a very mild form. Mr. Castonguay's case, however, is a very severe one and is quite well advanced.

Compulsory Vaccination

It was stated at the conference that six of the Castonguay children attended the French parochial school, St. Joseph's college, the convent and convent annex. Upon receiving this information, it was suggested by Dr. Carroll that 300 more vaccine points be ordered from Boston and that compulsory vaccination be ordered in the three schools in question. Dr. Carroll's suggestion met with the board's approval. The board decided to make a thorough investigation of the smallpox situation and one of the members remarked that he would not be surprised if Dr. McAvinnue would discover other cases that had not been reported to the board of health.

PATERSON SHAKEN BY BOMB EXPLOSION

Home of Three Brothers Who
Refused to Join Silk Strikers
Wrecked—Men Unknown

PATERSON, N. J., June 11.—Paterson was shaken early today by the explosion of a bomb in front of the home of three brothers who had persistently refused to join the silk strikers. The house was damaged but the occupants were uninjured and later they went to work as usual under an escort of police.

IN SUPERIOR COURT

Case of Lyons vs. Boston
Elevated Completed

The final proceeding in the case of Ernest Lyons vs. Boston Elevated,

which for the past several days has been tried at the superior civil court at the court house in Gorham street, took place today. The last of the testimony for the defense was submitted this morning, after which Lawyer Drew for the defendant company began his summing up. Following him Mr. Mullin of Mullin & Spaulding of Boston, who represent the plaintiff, presented his arguments to the jury. This occupied the entire time before the noon recess.

Naturalization Session

The naturalization session for those qualified for the second papers in the

process was continued today in the office of the clerk of courts on the second floor and there were many applicants. When these have been disposed of, the session for the first papers, or declarations of intention to become citizens will be held at the same place. The corridor this morning was filled with prospective citizens and their witnesses, representing many nationalities.

TO DEMOBILIZE ARMIES

VIENNA, June 11.—The Neues Abendblatt states that Bulgaria today replied in the affirmative to the telegram from the emperor of Russia asking the Bulgarian government to submit its dispute with Serbia to arbitration.

According to the Reichspost, the emperor of Russia's telegram, urging arbitration of Bulgaria and Serbia also requested as a preliminary condition that the two countries should demobilize their armies.

Boston Home Ransacked \$10,000

The house at 200 Berkeley street, Boston, is the winter residence of Frederic Winthrop, who, with his family have been at Hamilton, on the North shore, for some weeks. When they left the house, it was boarded up and some of their jewelry was left there. Monday the police captured a boy on the premises preparing to leave with loot he had got together in suit cases after a two days' sojourn on the premises. When the suit cases were opened at the station house they were found to contain a neckband with a diamond pendant, valued at \$3000, a gold chain with 50 topazes valued at \$1000, a stickpin worth \$100, gold bracelet set with a cameo and valued at \$100, gold snake bracelet worth \$300, a wrist chain valued at \$100, a pearl necklace worth \$300, a small diamond necklace worth \$300, a solid gold mesh bag worth \$500, and a number of other small articles of jewelry and clothing of rare design and texture which will bring the total amount up to \$10,000, according to the authorities.

Unoccupied premises. Family known to be away for summer. Jewelry and other valuables within. Comment seems unnecessary.

An expenditure of \$5.00 would have provided safety with the Middlesex Trust Co., corner Merrimack and Palmer streets, Lowell. Is there any argument?

BARTLETT SCHOOL RUNNING 16 FT. BOILER IN HOT WEATHER TO FORCE AIR THROUGH DRY CLOSETS

THE BARTLETT GRAMMAR SCHOOL

As a sample of the beauty of the dry closet system of heating and ventilation, one has but to visit the Bartlett school, one of the finest and best in Lowell. It is selected by the state as a practice school and in order to comply with the absurd requirements of the Fuller and Warren system of keeping the force draft on the dry closets, the janitor has to run a 16 foot boiler in the hottest weather. Thus a continuous waste of fuel is going on that is far worse than the smoke nuisance in its vilest form. The condition is not quite so bad in all the schools having this system as some have what is known as a furnace fire with a stack fire in the smoke flue. This is the case in the High school and some others. The Carter Street school has also to run a boiler in all weather same as the Bartlett. The system is therefore, not only a nuisance, but a great source of unnecessary expense. Experts allow that the defects of this whole system in the schools can be remedied for about \$20,000. It would be well worth the outlay to get rid of a nuisance that is not only a menace to health but a great consumer of coal.

4 DEAD, 5 MISSING AND 2 HURT

RACINE, Wis., June 11.—Four dead, two injured and five reported missing, is the result of the explosion of the boiler of the steam barge "M. Peck" of Duluth while unloading coal at the Pugh coal docks in Racine harbor this morning.

The above number of casualties was given out by the officers of the vessel

immediately after the accident. Further than this they would not commit themselves.

The stern of the boat was blown away and a stubborn fire threatened the steamer with total destruction. The police and fire departments and volunteers are making a desperate effort to locate the missing men.

MISS DEVINE'S PLAY URGES DIAZ TO RETURN WITH THE FRATERNITIES

Duly Appreciated by the Teachers' Organization

Mexican Friends Call on Former President

Several Societies Held Meetings Last Night

At the adjourned annual meeting of the Lowell Teachers' organization, held yesterday afternoon, the following officers were elected for the ensuing year: President, Miss Elizabeth C. Kennedy of the Varian school; vice president, Miss Helen E. Hantson of the High school and Miss Rosalie T. Burns of the Edison school; secretary, Miss Katherine Kelly of the Cross street school; treasurer, Miss Anna Burnham of the Highland school; director for one year, to complete the term of Miss Martha Howland, Miss J. E. Semuels of the Moody school; directors for three years, Miss Katherine Kelly of the Butler school, Miss Carrie Bailey of the Pine street, Miss Charlotte Walsh of the Pawtucket, and Miss Margaret Fox of the Colburn. Reports were read by the officers and chairmen of committees. Miss Alice T. Lee, chairman of the committee on the presentation of Miss Devine's play, submitted a report and she also presented a memorial, paying tribute to the life and work of Miss Devine.

A vote of thanks was given to Miss Lee for her untiring effort to make the play a success. Miss Mary E. Devine, author of the play, was given a cordial vote of thanks, together with a more substantial expression of appreciation in the form of a check from the treasurer of the organization. The performance in the Opera House netted over \$400 in the organization.

The secretary was instructed to send letters, thanking the principals in the cast, Mr. Thornton, Mr. Barr, Miss Miller and Mr. Campbell; and an oral vote of thanks was extended to all who took part. Miss Marietta Gormley, the pianist, and Miss Grace E. McEvoy, the cornetist, were specially remembered, their names having been inadvertently omitted from the printed program.

The organization is in a most prosperous condition and has made itself a power for good in the community.

\$5,500,000 RENTAL CHARGES
Should Be Made Against the Postal Service for Use of Space in Federal Buildings Says Former Senator

WASHINGTON, June 11.—Rental charges of approximately \$5,500,000 should be made against the postal service for the use of space in federal buildings throughout the country, according to former Senator Jonathan Bourne, Jr., chairman of the congressional commission investigating matters of railway mail pay and second class postage.

In a statement today Mr. Bourne said it had been the practice when a city postoffice was moved from an old into a new federal building to cease charging rent against the postal service. On the strength of information he had secured from custodians of all federal buildings, Senator Bourne estimated the rental space is worth \$5,514,737 and that this sum should be directly charged to the rental fund of the post-office department.

Constitutional Convention
WASHINGTON, June 11.—As part of the progressive party program in congress Rep. Chandler of New York is preparing to press a resolution proposing a constitutional provision that amendments to the constitution may be proposed by congress whenever a majority of both houses in the same session of congress shall deem it necessary or by conventions or by not less than one-fourth of the states, providing that the one-fourth contains one-fourth of the population of all the United States. The plan would require a constitutional convention in 1920 and every 10 years thereafter for proposing constitutional amendments.

NEED NOT PAY DUTIES

Decision Against American Government

WASHINGTON, June 11.—Exporters who paid customs duties to Aguinaldo's government in the Philippines after the American occupation but before the ratification of the treaty of peace with Spain were advised today that they need not pay duties to the American government under a decision by the supreme court. The right is upheld of a British firm, Macleod & Co., which imported rice at Cebu when Aguinaldo was in control of that port, to sue the government for the recovery of an equal sum paid as duties on the same cargo to the American government as a condition of the firm being permitted to do business in Manila.

Justice Day, who headed the American delegation, which prepared the peace treaty, announced the court's decision.

WELCOME BRAZILIAN
Dr. Muller Here to Repay Visit of Sec. Root

OLD POINT COMFORT, Va., June 11.—Saluted by a roving of guns from Fortresses Monroe and escorted by the battleships Florida and Arkansas and three destroyers, the Brazilian battleship Minas Geraes, with Dr. Lauro Muller, minister of foreign affairs of Brazil, on board, anchored in Hampton Roads yesterday afternoon. Dr. Muller comes to repay the friendly visit to Brazil of Senator Root, when secretary of state. Secretary Bryan, Senator Root, Brazilian Ambassador Daga, Assistant Secretary Malone of the state department greeted the distinguished visitor. When the Minas Geraes anchored beside the presidential yacht Mayflower, Mr. Malone went on board the Brazilian battleship, where he formally welcomed Dr. Muller on behalf of President Wilson.

Wilson to Receive Muller
WASHINGTON, June 11.—Long before the naval yacht Mayflower, Dolphin and Sylph arrived at the Washington navy yard today a squadron of cavalry was waiting to escort Dr. Lauro Muller, the Brazilian envoy, who is here to return the visit of Secretary of State Root to South America several years ago. Quarters for himself and his suite were prepared at a leading hotel and arrangements for his reception by President Wilson also had been made.

MILLBURY CELEBRATION
Closing of 100th Anniversary Today

MILLBURY, June 11.—With former President Taft, Governor Foss and Congressman Samuel Winslow as invited guests, the closing of the celebration of the 100th anniversary of the laying of the corner-stone of the new high school and an exhibition of historical objects were features of the day's program.

STABBED THREE TIMES
18 Year Old Boy Attacked Teamster

BOSTON, June 11.—Following a dispute over a trifling matter with John Lynch, a teamster, 18-year-old Charles Catalina, it is charged, drew a knife and stabbed Lynch three times yesterday afternoon at the Pilgrim Laundry company plant, 65 Allerton street, Roxbury. Lynch will probably recover.

As Lynch sank to the floor of the washroom, bleeding from wounds in his chest and abdomen, young Catalina washed the blood from his hands and calmly changed his clothes. Then he walked out of the building and disappeared.

TWO LOWELL CASES
At Criminal Session of Superior Court in Cambridge Yesterday—Jennings Got Three Years

Yesterday in the superior criminal court at Cambridge, Alexander Jennings pleaded guilty to a charge of breaking and entering and larceny, and was sent to the house of correction for three years. He had several previous convictions against him.

William H. Gregory, charged with breaking into the house of E. F. Shaw and Abbie S. Howe in Vermont avenue was placed on probation after being ordered to pay the costs of the court and make good the loss to the owners of the hens.

MATRIMONIAL
At 4 o'clock yesterday afternoon the marriage of Mr. Martin Harding of Holliston and Miss Elizabeth Cassidy of this city was solemnized at St. Michael's rectory, the ceremony being performed by Rev. John A. Shaw. The best man was Leo Jordan of Holliston, Mr. while the bridesmaid was Miss Nellie Riley of this city. After the ceremony the bridal party departed to the home of the bride's mother, 22 Third street, where a reception was held, three being four daughters of the Cassidy family represented. The happy couple will make their home at Holliston. No cards.

ATWOOD NOT HEARD FROM
Aviator Left Coorse, Mich. Tuesday Afternoon for Trip Over Lake Erie to Sandusky, N.

SANDUSKY, O., June 11.—Harry Atwood, the aviator, who left Coorse, Mich. in his biplane yesterday afternoon for a trip over Lake Erie in this city, had not reached here late last night, and no word had been received as to his whereabouts.

Division 11, A. O. U. M. met in regular session last night in its rooms in Odd Fellows hall with a large number of members present. Considerable business was transacted, and several interesting reports were read from the different committees. After the business a social hour was enjoyed and a game of quills was played by the members. Noble Grand William Maynard presided during the meeting.

A well attended meeting of Division 11, A. O. U. M., was held last night in A. O. U. hall, with President Melmer in the chair. Several propositions for membership were received, and three members were initiated into the division. President Melmer spoke to the brothers, calling their attention to the membership contest that is to be held in the near future. Brother Nevins spoke on the good of the order, dwelling particularly on the good work accomplished by the past officers of the division. The meeting was presided over by President Melmer.

The regular meeting of Court Merrimack, F. O. A., was held last night in Gratton hall with a large number of members present. Considerable business was transacted and several bills were approved. The final reports from the delegates who attended the grand court convention were read and several of the members spoke on the good of the order. Chief Ranger George R. O'Neil presided during the evening.

The joint committees from the I. O. O. F. and the O. L. Manchester Unity lodges have made final plans for the memorial service to be held at the Primitive Methodist church on Gorham street next Sunday afternoon. The Odd Fellows will parade from Odd Fellows temple to the church under the direction of Chief Marshal Cullen. After the service the members will march to the cemetery to dedicate the monument to the late Brother Gregg. It is hoped that all members of the Odd Fellows and the Manchester Unity will be present at these services.

The regular semi-monthly meeting of Court Middlesex, F. O. A., was held last night in its rooms in Odd Fellows temple with a large number of members present. Considerable routine business was transacted, after which a social hour was enjoyed by all. The reports of the various committees showed the order to be in a good financial condition, and plans were made to increase the interest of the members. Chief Ranger John H. Kenefick presided.

BREAKS FLYING RECORD
French Aviator Flies from Paris to Warsaw

PARIS, June 11.—The young French aviator, Marcel G. Brindejonc Des Moulins, yesterday beat all distance records by flying from Paris to Warsaw, by way of Berlin, a distance of 1500 kilometers (approximately 933 miles) in 13 hours and, excluding stops, attained an average speed of 150 kilometers (93.3 miles an hour). He accomplished this in competition for the temporary cup for the longest flight across country from sunrise to sunset in one day, with stops if necessary.

STABBED THREE TIMES
18 Year Old Boy Attacked Teamster

BOSTON, June 11.—Following a dispute over a trifling matter with John Lynch, a teamster, 18-year-old Charles Catalina, it is charged, drew a knife and stabbed Lynch three times yesterday afternoon at the Pilgrim Laundry company plant, 65 Allerton street, Roxbury. Lynch will probably recover.

FIRES SHOT IN PURSUIT

Prisoner Breaks Away From Officer

BOSTON, June 11.—George Wagner, claiming to live at 36 Brookford street, Dorchester, was caught in a chase in Dock square by a fireman, with a police officer in pursuit, the latter having fired one shot into the air to stop the pursued, about 5 o'clock last night.

Patrolman Van Lanningham was in the spirited chase. He met Wagner in a doorway at the corner of Broad and State streets in the act of changing his clothes. The officer, having in mind an order read at roll call in the City Hall station, that a man was wanted in Roxbury, charged with stabbing another, thought that Wagner might be the man.

He collided Wagner and started to take him to the station house. At the corner of State and Congress streets the prisoner made a dash. He ran up State street to Devonshire, followed by the officer. Van Lanningham, fearing his quarry would succeed in eluding him, took out his revolver and fired one shot. Fireman Reger of ladder 22 happened to be in Dock square and hearing the shot and observing the fleeing man rushed out and grabbed him. He turned Wagner over to the officer.

CIVIL SERVICE EXAMINATIONS
Vacancies in the Filled Under the Federal Civil Service Authorities—Exams This Month

For the latter part of this month and early in July, the United States civil service commission announces a number of examinations for men who desire opportunities for entering the government service in the various departments. The examinations are as follows:

June 15.—Apprentice draftsman, male, office of chief of ordnance, war department, salary \$300 per year; electro metallurgist, male, bureau of mines, department of the interior, salary, \$250 to \$1800 per annum; skilled laborer, male, Washington, D. C., salary, \$500 per annum; sanitary bacteriologist, male, laboratory at Washington, salary from \$1200 to \$1700 per annum; roquet ship draftsman, male, navy department, Washington, salary \$2.40 per day.

June 23.—Philatelist, Washington, salary \$1200.

June 25.—Ship draftsman, male, navy department, Washington, salary from \$250 to \$2000 per day.

July 2.—Assistant ordnance draftsman, male, Portsmouth, N. H., salary from \$200 to \$2000 per day.

AMUSEMENT NOTES

Merrimack Square Theatre
A thoroughly enjoyable program is being given this week at the Merrimack Square theatre and will no doubt be greeted by large and larger audiences as the week passes and patrons realize what an exceptionally good bill is to be found at this popular theatre. The Operatic Band, Eddie Foley, Bunny Gray and Roland Travels, all contribute their share toward the week's success while the photoplays are far above the average. Next week moving pictures of Lowell. Performances continue.

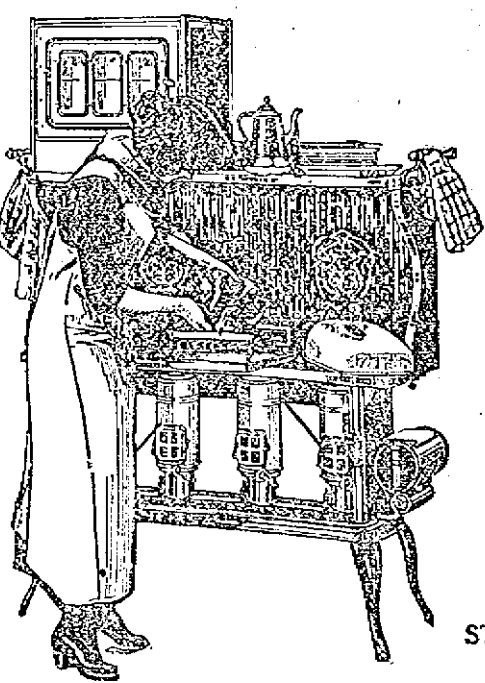

Theatre Voxons
"When a Woman Loves," the Cines drama shown at the Theatre Voxons today is a most unusual picture. It is acted by the very best company of Italy, artists with none of the extravagant gestures so common among the cheaper European artists and with a story that has never been excelled for interest and dramatic strength. A brace of Biograph comedies provides plenty of laughs.

Perhaps you don't know where to seek amusement this evening. Here's a suggestion—The Casino. Every night and on Saturday afternoon, free concerts are given at this popular resort, and the first dance is always free. The music played by the big Casino orchestra is invariably of genuine quality, for these musicians have played together for many months.

New Perfection Oil Cook-stove

Broils Both Sides At Once

Steaks and Chops well done or rare—just the way you like them—when you use a New Perfection Broiler with a New Perfection Oil Cook-Stove.

STANDARD OIL COMPANY
New York

NEW LIQUOR INSPECTOR APPOINTED BLOODSHED IN NEW LONDON STRIKE

Thomas H. Hessian the
New Man on the
Job

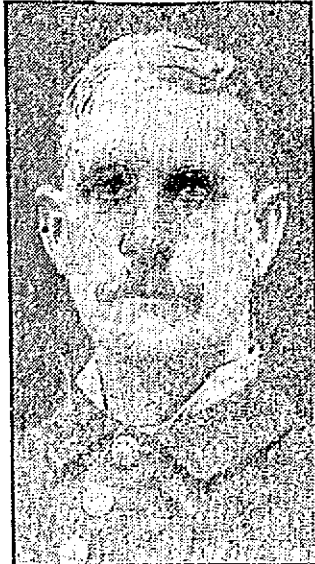

Thomas H. Hessian has been appointed to the liquor squad of the police department to succeed the late Officer Frank Fox. John J. Linane, who has been working nights, will take Officer Hessian's beat in upper Gorham street, days. The appointments were made by the mayor yesterday and took effect this morning. The mayor said he had not assigned anybody to Officer Linane's beat in Centralville, nights.

Asked if he intended to make an appointment under the recent civil service examination taken for promotion to the rank of sergeant, the mayor said: "I will not do anything along that line, not for the present, at least."

How About Liquor Squad?

What are the members of the liquor squad doing to earn their money? This question has been asked several times, and it's a pertinent question, too. So far as we have any knowledge the liquor squad has not been doing very much. It has not been a very busy body in police court and if put to the test the squad would probably have a pretty hard time to show excuse for having anything to do with a pay envelope.

Men and women have been heard to complain that the traffic rules and regulations of which so much has been said and written, are not being enforced as they should because of the fact that the officers have too much ground to cover to admit of their doing justice to the enforcement of traffic regulations. There is nothing for the liquor squad to do. It might be timidly, or perhaps bravely, suggested,

THOMAS H. HESSIAN

that they be made to assist in enforcing the traffic rules and regulations.

Striking Dad Whiskey

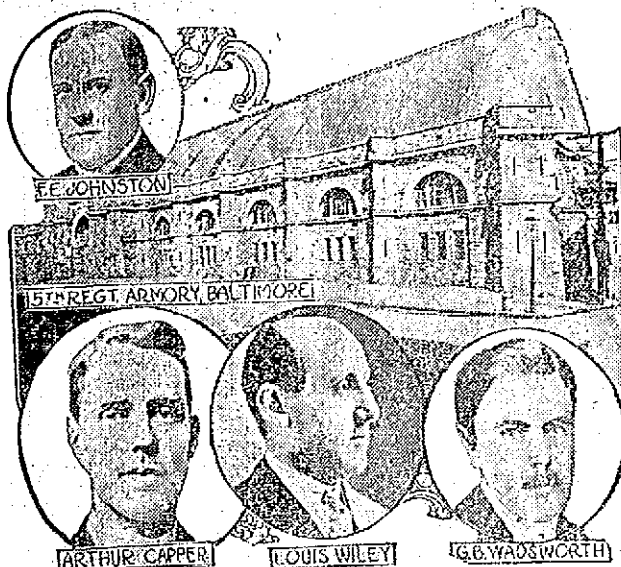

It has been stated, however, that there is work for the liquor squad to do if they would "go to it." It is reported that drug stores, not more than 100 yards from the police station, are making tangletail whiskey. If the reports relative to the manufacture of this "death-to-the-brain" stuff in certain drug stores, is true, it is strange, to say the least, that the liquor squad has been unable to locate the drug stores engaged in the nefarious work.

Strikers Attacked Police When Ordered to Move—Stones and Other Weapons Used

NEW LONDON, Conn., June 11.—In a clash between striking textile workers and the police here this morning several strikers were severely injured. The trouble occurred in the vicinity of the Braintree & Armstrong silk mill where a body of workers on strike had congregated and were informed by the company they had been discharged. They were ordered by the police to disperse but instead they attacked the latter with stones and other weapons. Sergeant Beebe had been killed, including Patrolman Damas, whose shoulder had been dislocated by a blow from a heavy stone and the police were having a hard time when reinforcements arrived. The latter used their clubs freely and when order was restored after half an hour's fight many of the strikers lay in the streets, while others, bruised and bleeding, were carried away in the patrol wagon to police headquarters. The others were afterward removed and given needed attention.

A strong police guard was stationed about the mill to prevent further disturbance.

LOUIS WILEY DEFENDS NEWS-PAPERS AT BALTIMORE MEETING

BALTIMORE, June 11.—The convention of the Associated Advertising Clubs of America got down to business yesterday, with departmental meetings, of which there were 12 in progress simultaneously in the different company rooms at the Fifth regiment armory.

Louis Wiley, in an address at the general session, replied to remarks made by James Kealey of Chicago at Monday's meeting. Mr. Kealey had said that it was an astonishing commentary on the ethics of one of the greatest industries in the world that its business integrity was at so low an ebb that newspapers have to submit to the third degree to have established which, if any of them, are telling the truth about what they have to sell.

Mr. Wiley regretted the "unwarranted severity" of Mr. Kealey's "attack upon a reputable business, a business as honestly conducted as any other in this broad land."

Continuing, Mr. Wiley said: "The recent demands of an advertiser's association for newspaper publishers to submit to an examination of their

books and press rooms for verification of their circulation statements, or, upon refusal, forfeit advertising orders, have not met with encouragement from many self-respecting newspaper publishers.

"If an advertiser is in doubt about the value of a newspaper's circulation, it is his privilege and duty to seek information in any way he can obtain it; but it is an insult to the newspaper to ask it to submit to an examination of its books and to suggest that a certificate of the association will be supplied if the statement of the newspaper is found to be true."

Value of Advertising

BALTIMORE, Md., June 11.—The movement for higher standards in advertising which has steadily developed during the convention of the Associated Advertising Clubs of America here was further reflected at today's meetings.

Leading advertisers of the country spoke at the general session this forenoon, giving their opinions as to the value of the various advertising media from the viewpoint of the buyer of advertising.

THE 43RD ANNUAL GRADUATION

Of Mitchell Boys' School,
Billerica, Was Held
Today

The 43rd annual graduation exercises of the Mitchell Military Boys' school were held today at the school buildings in Billerica. A large number of friends was present and previous to the drills a concert was given by Barnard's orchestra on the large lawn in front of the school. The exercises started at 11 o'clock and about 200 people coming from different states throughout the Union were present and gathered on the campus to witness the military work by the boys.

The first number was the "Bet's manual setting up" exercise, and this was followed by extended order movements and a skitish drill on the lower campus. Other exercises were gone through by the company which is composed of 54 boys and the military work was in charge of Captain James M. Gregg of Company K, M. V. M. of Lowell.

Directly after the exercises a luncheon was served with nearly 300 boys and guests participating. During luncheon music was furnished by the orchestra.

Promptly at 2 o'clock the exercises were opened in the gymnasium which was beautifully decorated with colored bunting and the National colors. Special mention should be given to the boys who delivered declamations and their excellent work showed the results of thorough training by their teachers.

Head boy medal awarded to Willard A. Savage for his rank in scholarship and athletics and his popularity with the students and teachers. Nason cups awarded for excellence

ALEXANDER H. MITCHELL

in track and field events: 1st, Willard A. Savage, 2d, Foster C. Barnard, 3d, Herman C. Meyer. A junior cup was awarded to Daniel L. White. The declamation judges were: Miss L. E. Smith, Rev. J. Harold Dale and Rev. Samuel H. Jobe.

The judges of the military exercises were: Major Alonzo Woodbine, Major C. W. Leach and Lieut. S. W. Walker.

in track and field events: 1st, Willard A. Savage, 2d, Foster C. Barnard, 3d, Herman C. Meyer. A junior cup was awarded to Daniel L. White. The declamation judges were: Miss L. E. Smith, Rev. J. Harold Dale and Rev. Samuel H. Jobe.

PIMPLES ITCHED AND BURNED

Big, Red and Festered. Also Black-heads. Scratched Day and Night Until Became Sores. Cuticura Soap and Ointment Cured.

226 Humboldt St., Brooklyn, N. Y.—"About five years ago pimples and black-heads came on my face and made it look

terrible. They looked big and red and every one of them festered. They itched and burned so badly that I scratched day and night until they became sores which I could not get rid of. I did not have any decent sleep for about two years. I tried different remedies which I thought would do me good, but found they didn't. I spent all kinds of money, but it was of no use, so I gave up hope. I found the advertisement of Cuticura Soap and Ointment in the paper and I said, 'I am going to try them for the last.' I used the Cuticura Soap and Ointment and in two weeks I saw the pimples and blackheads were disappearing, so I kept on using them until I was all cured." (Signed) George J. Solomon, June 28, 1912.

Why not use the best skin soap instead of the poorest? The difference in cost is trifling; the result in use often astonishing. Cuticura Soap does so much for poor complexion, red, rough hands, dry, thin and falling hair and baby skin troubles, especially when assisted by Cuticura Ointment, that no other can take its place. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold everywhere. Liberal sample of each mailed free, with 22-p. Skin Book. Address post-card "Cuticura, Dept. T., Boston."

Send tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

MANY LEAVING MEXICO

On Account of Cruelty of Natives

MOBILE, Ala., June 11.—Americans and foreigners by the score are seeking embarkation from Tampico, Mexico, on account of fear of the cruelty of the Mexicans, according to arrivals on the British steamer Kyleakin.

R. Felton, appearing yesterday on a charge of being an undesirable citizen, said he had become a stowaway on the Kyleakin for this reason. Two Chinese men who came with him from Tampico gave a similar explanation of their leaving.

FOR GALLANT CONDUCT

Sec. Daniels Commends Attaches of Maryland

WASHINGTON, June 11.—Secretary Daniels has written letters of commendation to Ensigns Schofield, Underwood, Hill and Clark, Crispin, a painter all attached to the armored cruiser Maryland for their gallant conduct off Venice, Cal., Aug. 23 last when the four attempted to rescue the crew of a steam launch which had been overwhelmed by the breakers. Though disabled by the breakers, they refused to leave the launch until they had rescued their own lives in the effort. The secretary also wrote a letter commending Samuel Gottlieb of the receiving ship at Norfolk, Va. for gallantry in rescuing a small boy from drowning near Portsmouth, Va.

In Business "On the Square" for 20 Years

Fairburn's Market

12-14 Merrimack Square. Tels. 788, 789.

MATRIMONIAL

A pretty marriage was solemnized this morning at St. Louis' church, when Mr. John Joseph Drumm and Miss Marie Eva Moreau, two popular young people of this city, were united in the bonds of matrimony, the ceremony being performed at a nuptial mass celebrated at seven o'clock by Rev. L. C. Bedard. The happy couple were attended by Mr. Edward Burke and Miss Albina Moreau, who acted as best man and bridesmaid respectively. At the conclusion of the ceremony the bride party repaired to the home of the bride's mother, 7 Fox street, where a wedding dinner was served, followed by a brief reception.

KINNON-HIGHLAND

Thomas H. Kinnon and Miss Mary L. Highland were united in marriage this morning at the rectory of St. Peter's church by Rev. W. George Mullin, the ceremony taking place at about 11 o'clock. Mr. Kinnon is a Lowell man but has been employed in Malden while Miss Highland's home is at 9 Union street, this city. The best man was Martin Kinnon, the groom's brother and the bridesmaid, Miss Elsie Highland, sister of the bride.

DIES DEFENDING HAL CHASE

Excitement of Argument Over Baseball Trade Fatal to Fred J. Porter, a Chicago Fan

CHICAGO, June 11.—Fred J. Porter fell dead last night while in the midst of a heated argument with baseball fans over the trading of Hal Chase by the Yankees to the White Sox.

Herman Schweitzer and J. B. Willett told Porter that Manager Callahan of the Sox had made a bad trade. Chase, they said, was the Yankees' "hoodoo," and the Sox would land in the "cellar" before the season was over. Porter grew excited in his defense of Chase. He staggered to a chair and then fell to the floor. He was dead when a physician arrived.

LEAPS FROM OCEAN LINER

Immigrant First Threw Coins on Deck

NEW YORK, June 11.—As the Kaiser Wilhelm der Grosse, which arrived last night, was speeding along Monday evening at 5 o'clock, Josef Johannek, 13, a stowaway passenger from Bohemia, came on the fore deck of the steamer and threw a handful of small coins among his fellow immigrants.

While they were scrambling to climb upon the rail. He was seen to tuck his coat tightly and jump into the sea. Five minutes later, while there was the greatest excitement forward, lifeboat No. 5, with eight men in charge, cast one glimpse of him. Johannek had been acting queerly all the trip. He had money enough and was strong enough to be admitted to this country. Nobody knew him.

GIRL IN COMA 20 HOURS

Slain Unconscious in Broad Street—Her Identity Is Not Known—Name of Fanny Grist on Prayer-book

NEW YORK, June 11.—Physicians at the Elizabeth (N. Y.) General hospital are puzzled over the case of a girl who has lain in a state of coma for 20 hours. She sank unconscious on Broad street at noon Saturday.

The only clue to her identification is the name Fanny Grist written on the fly-leaf of a Catholic prayer-book. No priests in the city know of a communicant of that name.

The girl's affliction was at first diagnosed as hysteria, but after 24 hours the physicians confessed they were unable to determine its nature. Her eyelids remain open, but the eyes are glazed and expressionless.

AGREEABLY SURPRISED

Miss Gertrude St. Onge Presented Gifts on the Occasion of Her 23d Birthday

Miss Gertrude St. Onge, a popular employee at Nelson's Colonial store was agreeably surprised last night at the home of her parents, Mr. and Mrs. Edmond St. Onge, 14 Riverview street, on the occasion of the 23d anniversary of her birth.

Over forty of her friends gathered at the above address and presented her a handsome bracelet, a gold chain and pendant and a large bouquet, the presentation address being read by Miss Martha Miville, while the gifts were presented by the hostess's sisters, Lillian and Yvonne. Miss St. Onge, although taken by surprise, responded in fitting terms and a pleasant evening followed.

The house was beautifully decorated for the occasion with Japanese lanterns and flowers, the dining room being lined with palms. A delightful musical program was rendered, those prominent at the piano being Miss Alice Pratte, Miss Bernadette Fontaine, Miss Noella Fortier, Miss Anna Rose, Miss Gertrude St. Onge and Miss Rose Ritchie of Haverhill. A dainty luncheon was served and the guests departed at a late hour, thanking Mr. and Mrs. St. Onge for their cordial hospitality and wishing their hostess many returns of the day.

Lowell Police Won

The Lowell police defeated the ball club of the Quincy law and order custodians yesterday afternoon in Quincy by the score of 11 to 5. The Lowell team batted in six runs in the first inning, and Maloney, who was on the mound for the locals, kept the Quincy hits well scattered throughout the game. By this victory Lowell still retains undisputed claim to first place honors.

CUMMINGS AND CARR IN CLASH

Over Order to Borrow \$20,000 for So. Common—To Borrow \$3500 for Fairmount St.

The regular weekly meeting of the municipal council was held yesterday in the old council chamber, with Mayor O'Donnell in the chair. All commissioners were present.

The first matter taken up was a hearing on the petition of C. I. Hood for permit to keep gasoline at 4 An-dover street. Another from Herbert C. Merrill to keep gasoline at 157 An-dover street was also taken up. Both were granted, there being no remon-strants.

The N. E. T. & T. Co. petitioned for permit to erect a pole in Coral street. There was no remonstrance and the petition was referred.

Commissioner Cummings asked the representative of the telephone com-pany relative to petitions for the erec-tion of poles in Vassar avenue. If his company could not use the present poles. The reply was that the pres-ent poles are the property of the Postal Telegraph Co. and would not serve the pur-poses.

A petition from the Lowell Electric Light Corp. to erect a pole in Riverside street, was referred.

The N. E. T. & T. Co. petitioned for the permission to erect three poles in Crawford street and it was referred.

To Borrow \$3500

An order for the borrowing of \$3500 and appropriate the same to extend Fairmount street from Wyman to Mansur street, was adopted.

George W. Wright was appointed a weigher of hay and grain.

An order for the construction of a culvert across Rogers street was adopted.

Money For Play Grounds

Mayor O'Donnell presented an or-der for the appropriation from the general treasury fund the sum of \$150, the same to be used in the Lucy Lar-com park.

The mayor also presented an order for the appropriation of \$300 for the West Centralville playgrounds. Ques-tioned by Mr. Cummings the mayor said the West Centralville play-grounds was supported by public sub-scription last year. The order was adopted.

A bill amounting to \$721.27 from the Texas Oil company was brought be-fore the meeting. Commissioner Brown suggested that the bill be laid over to a later date. The mayor asked him to fix some definite time. According to the bill 756 barrels of oil were sold to the city but Mr. Brown said he did not purchase that amount. It was vot-ed to lay the bill on the table for one week.

An order estimating and determin-ing the street water assessment and assigning the commissioner of streets and highways to make the assess-ments was brought before the meet-ing.

Mr. Barrett said he was in favor of having the price the same as in previous years. He said the increase last year did not benefit any one, for the same number of trips were made as previous to 1912 where the service is not better than at that time.

It was voted that the matter be referred to the commissioner of streets and highways to investigate and re-port at the next meeting.

Better Fire Protection

A communication from Michael J. Dowd, relative to latter fire protection at the Chestnut Street hospital, was read. The same was published in The Sun a few days ago. Six hundred and fifty feet of hose, six fire extinguishers and a number of pumps are called for at a cost of approximately \$600. The mayor said the Chestnut Street hos-pital could not be run with the approp-riation given the first of the year, and that the money for fire protection was needed.

It was voted to leave the entire matter with the commissioner of public safety, and bring it on an order.

An order granting petition to the Lowell Electric Light Corp. to lay un-derground conduits, manholes and iron service pipes in Paige street was adopted.

Transfer Appropriations

An order for the transfer of the sum of \$1938.44 from an appropriation called hospital repair to an appropriation called building was presented by Com-missioner Cummings. The latter said this is the insurance money received when one of the buildings at the Chestnut Street hospital was struck by lightning. The repairs were made with the money of the building approp-riation, and now he wants the sum transferred to the said appropriation.

Mr. Barrett proposed that Mr. Cum-mings utilize the money by supplying better fire protection to the hospital, but the latter said the hospital was exhausted and he needs the money he expended in repairing the damaged building. The order was adopted.

An order for the transfer of a sum of \$500 to be transferred from an approp-riation for construction of 4 vaults at the police station to the appropriation called contest statutes was presented.

Mr. Cummings said the only way money can be had for the completion of the contest station is by transferring it from one loan to another. It was so voted.

How to Celebrate Fourth

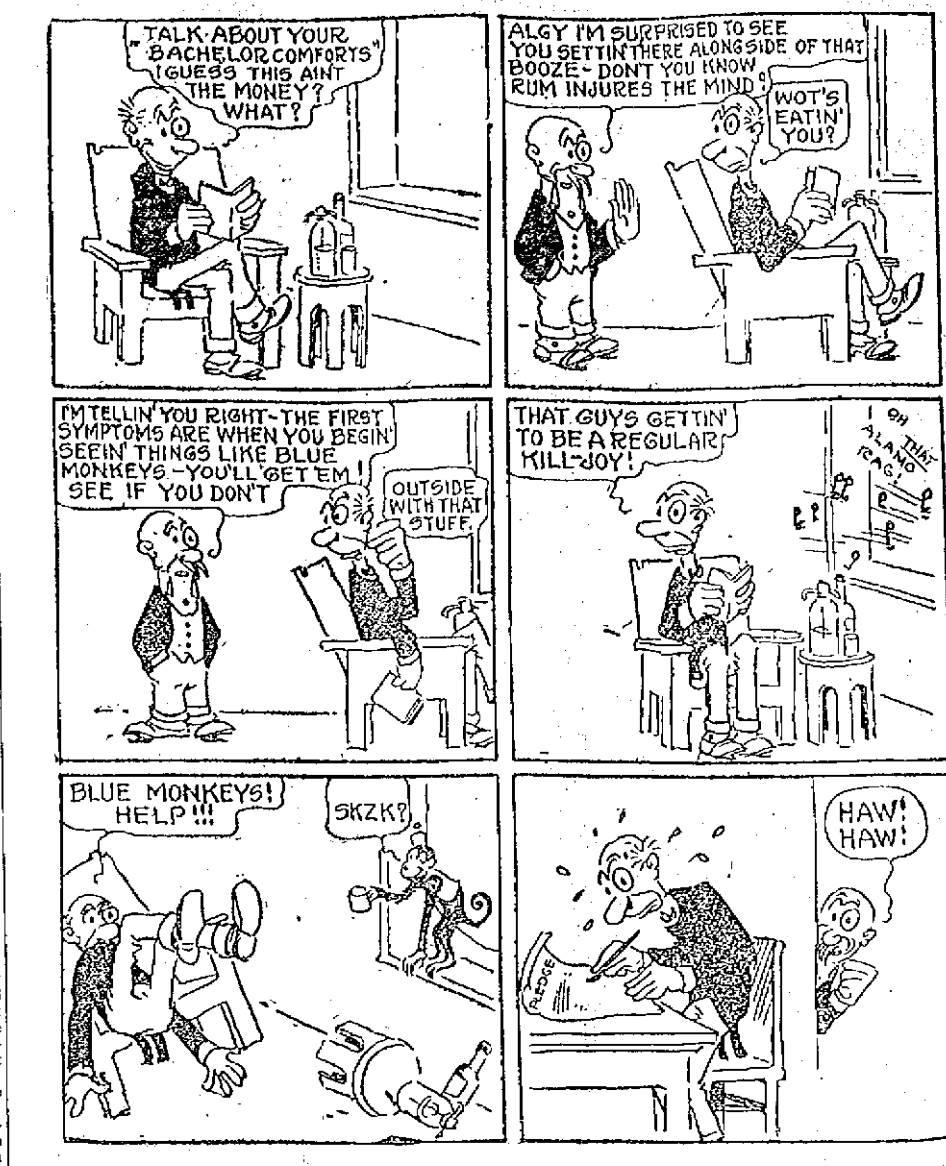

The mayor called attention that July 4th was at hand and inasmuch as \$1600 was voted for the observance of the day he asked for suggestions, and it was voted to leave the matter to the discretion of the mayor.

Mr. Cummings submitted a com-munication from the park department, relating to a loan of \$7,600 for parks and commons. The commission said something should be done in improv-ing the parkway on the common. The communication was placed on file.

For South Common

An order to borrow the sum of \$20,000 for a sanitary station, pond, bandstand, etc. on the South common was presented. Mr. Cummings said an investigation was made last year relative to the filthy condition of the pond on the common. He read a com-munication relative to its condition, and also containing suggestions to improve the pond condition from the members of the park commission. He said he believed some attention should be given the common as far as walks and bandstand are con-cerned.

Henry E. Carr was called upon for suggestions, and he gave figures of appropriations in other Massa-chusetts cities, where in every in-

NEVER AGAIN!

VOTES BEING TOTALED

Schools and Society Teams Active

Lowell has been experiencing a new sensation in the line of contests the past few days. Two weeks ago several hundred beautiful books were ex-posed to the public view, and when these spirits in the community who are working for the uplift of this city, saw what was going on, they immediately got busy and scattered the news abroad that these books must be won for this or that organization. The primary object of the enterprise is to keep trade at home. "Trade in Lowell" should be the motto of every citizen here, and the first step to this end is to make every possible effort to en-courage home industry. If this was done to a fuller extent some would be surprised at the competitive merchan-dise right at their very elbow, and at a cost that is invariably lower than that found away from home. Yes, this is one of the salient principles of the great Lowell contest.

The pleasing controversy has fair

to develop the entire community into a house divided against itself before it reaches its conclusion and the mer-chants will have the opportunity of making many new acquaintances and placing upon their ledgers new cus-tomers. A plan that will contribute to his end must of necessity be a no-ble one.

Now that the contest plan is fully understood, everyone should include among their resolutions a promise to adhere to every principle suggested in the movement for good books. Resolve to do your part to the utmost in casting votes for the club or society of your favor. You will find the contest a most interesting thing to participate in. It will bring a membership into closer bondage and give added zest and strength to the fidelity you feel for same. You should get your com-mittees appointed and place the respon-sibility of success upon them, but with a promise to follow their injunctions to the last moment. Give them this encouragement and you will see a complexion in Lowell that will challenge the usual political combat.

The first announcement of the vote will probably appear next Saturday and you will see a list of institutions and organizations that will surprise you, and particularly the number of votes cast. The Sun team will play a conspicuous part in the wonderful result. You should have a committee to look after this feature alone. The

Sun coupon is the power behind the throne.

HIGH COST OF LIVING

Expenditures for National Defense Blamed

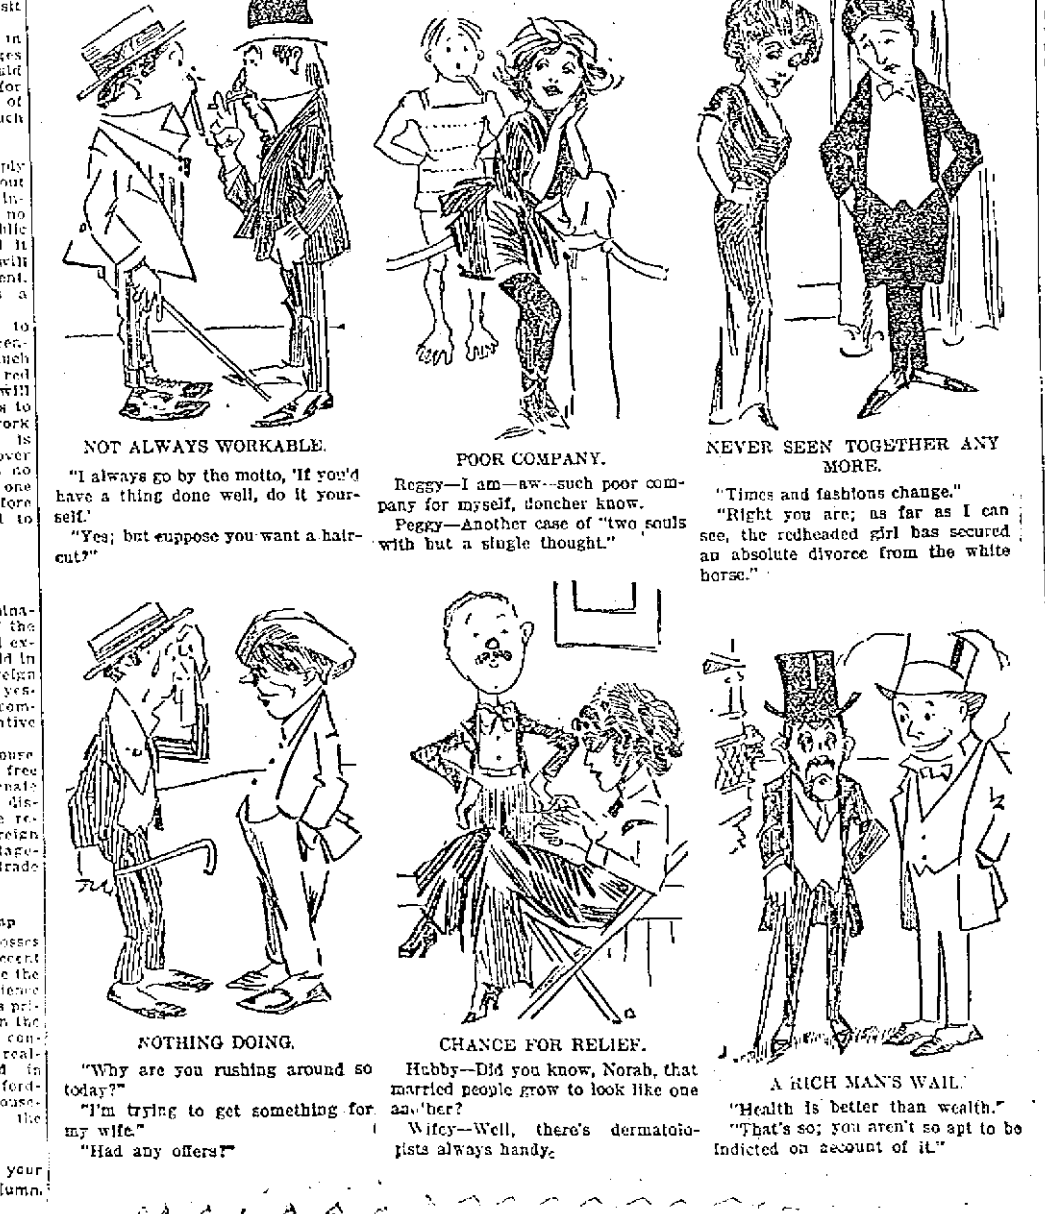

ST. PAUL, Minn., June 11.—The high cost of living is due to the waste caused by expenditures for so-called national defense, according to Dr. David Starr Jordan, president of Leland Stanford, Jr., university, who spoke yesterday to students at Hamelin uni-versity.

Judge Riley is contending with the Chamber of Commerce association to make the regulation to be given to Col. Bryan a notable one. With the prospect of Col. Roosevelt being the guest of the Hayes Square Ould club on the holiday, Charleston will be busy entertaining its two famous guests.

Dr. Jordan strongly approved the peace plan of the Wilson administra-tion, and declared that the war be-tween Japan and the United States was an impossibility. He said New York bankers practically control the war sit-uation of the world, and added:

"There is no country in the world that could attack the United States without first coming to New York to borrow money with which to carry on its warfare and arranging all details here."

A LITTLE NONSENSE

TOOK OATH OF OFFICE WOMEN HELD IN \$15,000

Solemn Ceremony at the Charged With Setting Fire in London

CEREMONY PERFORMED BY REV. C. H. DEMETRY, D. D., PASTOR

New Board of Officers of Greek Com-munity Was Sworn Into Office—Pas-tor Will Leave Monday for Chicago

The newly elected directors of the Greek community of this city, headed by their president, Harry Houpis, took the oath of office last night, the cere-mony being held at the Greek Orthodox church in Jefferson street, Rev. C. H. Demetry, D. D., officiating.

The temple was filled to the doors, for the entire board of directors is held in high esteem by the entire com-munity, Mr. Houpis having served as treas-urer of the colony for eight consecu-tive years, while this is his third term as president.

Rev. Fr. Demetry, who wore the church vestments, swore the new mem-bers in by making use of the bible, and at the close of the ceremony, which was most solemn, delivered a few re-marks, congratulating the newly elected officers, and he pointed out to them their task as presiding officers of the Greek community in Lowell, which is one of the largest in the country. He told them to be loyal to their country and their adopted country, and what-ever they do in the administration of affairs to do it in a conscientious and impartial way. He closed by bestowing his blessing on the new officers and the congregation.

The venerable pastor, who is a favor-ite in Lowell, then announced that he would leave this city next Monday for his new field of work at Chicago, say-ing he is making the change for the benefit of his health. This was received with regret among the many members of the parish, for Fr. Demetry was held in high esteem by all his flock as well as by all who have the pleasure of knowing him. It is probable the mem-bers of the community will tender him a reception before he leaves Lowell.

Although the new officers took the oath of office last night, they will not go into office before the first week of July, at which time the books of the community will be turned over to them. Then a general meeting will be held and a report of the doings during the past year will be read.

ANNUAL CONVENTION

CATHOLIC FORESTERS MEET IN LAWRENCE

Business Session Opened This Morn-ing—Lowell Delegates in Attendance

The eighth biennial convention of the Catholic Order of Foresters, which is being held in Lawrence, was opened yesterday after St. Anne's church, the same being celebrated at 9 o'clock by Rev. Alfred Carrier of Taunton, as-sisted by Rev. Fr. Devernois as deacon and Rev. Fr. Marcel as sub-deacon, the two latter of Lawrence.

The sermon an appropriate one for the occasion was preached by Rev. Fr. Dion, O. P., of Fall River. At the close of the mass the delegates re-ported to St. Jean Baptiste hall at the corner of Lowell street and Broadway, where the first session of the con-vention was opened by Chief Ranger N. V. Marcotte of the state court.

The delegates presented their creden-tials and the following convention officers and the following convention officers were chosen: Joseph Barrios, New Bedford, as conductor; A. T. Therien, Cambridge, conductors; A. T. Therien, Lawrence, and Joseph St. Laurent, Lawrence, sentinels; A. E. Roberge, Lawrence, assistant secretary.

Routine business was transacted and several important questions per-taining to the welfare of the order were brought before the meeting and discussed. At 3 o'clock the state officers, delegates and members of the gen-eral committee left in automobiles for Grand View House, Pelham, N. H., where a banquet was held in honor of the visiting delegates.

How to Destroy the Dandruff Germ

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. There are, therefore, particularly pleased to give herewith the prescription which an eminent sci-entist states he has found, after re-peated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost im-mediately stop falling hair and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you. 2 ounces Bay Rum, 2 ounces Lavender Compound, one-half drachm Meuthol Crystals. Mix thoroughly, and after shaking half an hour it is ready for use. Apply at night and morning, rubbing into the scalp with the finger-tips. If you wish it per-fumed, add half a teaspoonful of To-kalon Perfume, which unites per-fectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

Druggists have been called upon so frequently to mix a hair tonic, accord-ing to the famous formula above men-tioned, that druggists, both in America and Europe, are now having it com-pounded at laboratories in New York, London and Paris and sell it (creams for immediate use) under the name of Lavona Compound. Sold on the satisfaction guaranteed or money back plan.

HIGH IDEALS

One associates the Massachusetts Institute of Technology mentally with all manner of specific mathematical things—the fruits of science instead of the flowers. Its students are serious minded men who pore with infinite patience over dry treatises and develop the reasoning powers instead of the imagination. The proper exhortations to make before them would seem to be discussions of the latest discovery in advanced mathematics, the result of some marvelous engineering feat, or of subjects requiring scientific investigation. Yet in a baccalaureate sermon on Sunday afternoon last they were told that to be entirely successful in their chosen lines of endeavor, they were to keep their ideals lofty, and as a means of doing this they were advised to have a copy of Shakespeare at hand, and to refresh their minds by dwelling on the sonorous and majestic sentences of the immortal bard.

Among men who are successful in material things it is not unusual to find a superficial disdain for all that bespeaks culture. Perhaps America is particularly unfortunate in this regard. At any rate such is our reputation. But if it was true of the America of the past it will not be true of the America of the future. In the first rush for money and the fever of nation building, the things that concerned material prosperity were considered of paramount importance; but in our riper wisdom, the folly of this has been seen, and though we still have the signs of the old order, they are rapidly disappearing, and the country is showing a new interest in art, literature, architecture, and all that is essential to the soul of a country. Best of all, this renaissance is not imitative, but is progressing along national lines.

We do not lack individuals who regard culture as a sign of decadence, but his view is as erroneous as it is lamentable. It is possible to be a successful engineer and enjoy Hamlet or Othello, and he who surveys the span of a splendid bridge, will not lose his inspiration if his admiration should find form in the lofty description of Lear. The great classic rulers of Rome were builders of roads, bridges and aqueducts, and the chapter of bays, the vine wreathed lyre or the gilded barge of Adrian did not make them less efficient as engineers. The bridges of our past material age are tumbling down but the castle of San Angelo by the Tiber and the graceful arches of the aqueducts on the Campagna still stand to testify to the value of high ideals. Whether we work with pen or brush or chisel it is well to take Emerson's advice and hitch our wagon to a star.

HYGIENIC EXHIBIT

The health exhibit of photograph, microphotographs, and dust specimens which have been put on public exhibition at the city library, through an arrangement between the local board of health and the state board of health, is most illuminating and instructive, and everyone who sees it should constitute himself a committee of one to bring it to the attention of his friends and acquaintances. Although at first erroneously described as a tuberculosis exhibit, it is far more. It is an object lesson on the necessity for sanitary conditions in the home and workshop, and it shows in a graphic and simple manner, easily understood by all, the deleterious effect of neglecting the basic laws of health and hygiene.

The section on occupational diseases must be particularly interesting to the people of Lowell in which nearly all the illustrated industries are represented. Incidentally, this section goes far to prove the watchfulness of the state board of health, and it demonstrates that the legislature acted wisely in refusing to countenance a measure which would turn them out of office. It also proves conclusively, and with the conviction that pictures of true conditions carry, that the lawmakers of today are actuated by humanitarian motives which were almost entirely unknown until a recent date.

The photographs of dairies and milk farms before and after the enforcement of board of health regulations are of especial interest to most people. So are the sections on model housing conditions and infant mortality. Everything is arranged so as to be readily understood, and instead of columns of dry statistics the facts are brought home by simple and direct devices. It is an exhibition of facts, but it has all the glamour of fiction, and it opens a door to the wonderful world of real things, which we pass through unseeing daily.

As the exhibition covers a period of four weeks or so, there is ample time for most of our people to see it, and those who will do so will be well rewarded, for it is impossible that one should pass from picture to picture and not find a renewed incentive to all that would conserve the cause of community hygiene. In Lawrence, Taunton, and the other cities where this exhibition was recently held it attracted great crowds, and we hope for a like condition in Lowell.

THE ARBITRATION TREATIES

There is a slight inconsistency between the action of the secretary of state in calling on all nations for a general acceptance of arbitration in-

Seen and Heard

"The great art of living with others is to remember that we ourselves must be lived with, and that we must try as far as possible to be fit for it."

"Some people contrive to get hold of the prickly side of everything, to run up against all the sharp corners and disagreeable things in life, the strength spent in grumbling would often set things right."

"Life is made up, not of great sacrifices or duties, but of little things in which smiles and kindness and small obligations, given habitually, are what win and preserve the heart and secure comfort."

"A great number of our wants are merely wants of the imagination; we want things simply because we think that we want them, they give us no enjoyment when we obtain them; the want of them is only known by a disagreeable feeling that we are without them."

"A good wife is heaven's greatest gift to a man and the rarest gem the earth holds," remarked Mr. Jarphy the other morning. "It is his joy, his inspiration, and his very soul. Through her he learns to reach the pure and true, and her loving hands lead him softly over the rough places. She is, 'Jeremiah' said Mr. Jarphy, 'solely—'Jeremiah, what wickedness have you been up to now?'"

Enter with the open street cars the end of the porch. A little story appears. The other day a man leaped on the running board of a car and said to a seated passenger: "I beg, excuse me, was the quick reply, 'I was not aware I had a quick seat. I yield it to you,' and he slid along and made room. The new occupant of the 'hot' seat flushed, and the passengers smiled audibly.

Sherlock Holmes glanced 'round the room. The pictures were torn into shreds, the chairs were broken, the table lying on the top of the piano. A great splash of blood was on the carpet. "Someone has been here," he commented with wonderful insight.

SLOWER, SWEETER JUNE

Slower! Sweet June, Back step now slow; Linger, and let me see you go; Linger a little while to dream Or see yourself in yonder stream, Fly not across the summer so. Sweet June! be slow.

Slower! Sweet June, Oh, slower yet; Let all your matchless beauty thrill My soul! Stretch out this day so bright, Fair, far along midsummer's height, Till sunset back to sunrise glow. Sweet June! be slow.

Slower! Sweet June, Let all your matchless beauty thrill My soul! Stretch out this day so bright, Fair, far along midsummer's height, Till sunset back to sunrise glow. Sweet June! be slow.

Slower! Sweet June, Let all your matchless beauty thrill My soul! Stretch out this day so bright, Fair, far along midsummer's height, Till sunset back to sunrise glow. Sweet June! be slow.

Slower! Sweet June, Let all your matchless beauty thrill My soul! Stretch out this day so bright, Fair, far along midsummer's height, Till sunset back to sunrise glow. Sweet June! be slow.

die of the car when it happens to be a rainy day, and leaving the wet seat for the late comers. The selfishness and heartlessness of some people," the mayor says, "and that every act performed by the citizens of this city is a disgrace to the city. Yet no law will make a lady or gentleman out of a hog."

Two Much
Portland Express: No wonder the superintendent of schools in New York is pained because of the fun being taken at teachers in that city. The superintendent of schools in that city is not so much pained as the superintendent of schools in this city. The superintendent of schools in this city is not so much pained as the superintendent of schools in that city.

Another Knack
Manchester Mirror: Colonel Roosevelt and his wife were managed to lug into the city that every act performed by the citizens of this city is a disgrace to the city. Yet no law will make a lady or gentleman out of a hog."

Youth
Johnstown News: Liberty will live as long as there are young men. Liberty will live as long as there are young men. Liberty will live as long as there are young men. Liberty will live as long as there are young men.

The Fly
Newport News: Another indictment has been brought against the fly, and that insect, once thought so harmless that it was considered by many a sign of good luck, is now regarded as one of the worst enemies of the human race.

The Lobby
Lowell Sun: The legislator should be as jealous of any secret outside influence as the juror. He doesn't need to go to the lobbyist to learn how to vote on a particular bill. His election decides which side for instance he is on as to tariff revision; he was elected to go with his party.

BROCKTON WON TWO IN A ROW

Lowell Pitchers Batted All Over
Lot by Shoe City Sluggers—
Score 13 to 5

After abusing Manager Gray's hospitality at Spaulding park Monday afternoon by defeating his baseball team by the score of 6 to 2 in their first visit to Lowell of this season, the Brockton boys lined up against the Spaulding City nine again yesterday afternoon and again came out victorious.

Yesterday afternoon was ideal for baseball and it seemed that the weather man intended to make up for his poor treatment of the fans the day before. The attendance at the game was quite large.

Patsy Donovan, scout for the Boston American team was among the spectators in the grand stand.

First Inning

Maloney walked and Dowd also was passed. Flaherty sacrificed both, himself being retired by Burroughs to Monahan. Howard walked on four successive balls, filling the bases. Burroughs was removed and Zeiser sent in his place. Zeiser grooved the first ball and McGaffey drove it to left center for three bases, scoring all three runners. Dowd went out, Miller to Monahan and McGaffey scored. Ruffange scratched a single along the first base line, the ball striking the bag and bounding from Zeiser. He was out. Daly to Anderson trying to steal second.

Clemens grounded out, Dowd to Daum. Anderson threw DeGroat out to Daum. Miller hit safely along the third base line to left field for two bases. Magee fanned.

Score—Brockton 4, Lowell 0.

Second Inning

Sullivan fanned. Magee made a wonderful one-hand catch of Anderson's long drive. Maloney rolled a slow hit to Zeiser and beat it out first. He then ran for second and Daly threw over Miller's head. Maloney went to third on the error. He scored later on a passed ball by Daly. Dowd struck out.

Monahan was out, Sullivan to Daum. Daly struck out. Dee also fell a victim to Anderson's "spitter".

Score—Brockton 5, Lowell 0.

Third Inning

Flaherty struck out. Howard was safe when Miller fumbled his first grounder. McGaffey bunted along the third base line and Zeiser juggled the ball in trying to field it. Howard went to second on the play. Daum hit through the pitcher's box, and Miller, fielded the ball and in a snap at second between Miller and Anderson, the ball was dropped. The bases were thus filled. Ruffange singled to right, scoring Howard. Sullivan singled to left, scoring McGaffey and Daum. Anderson hit to Anderson and Sullivan was out. Anderson to Miller, Ruffange taking third and Anderson safe at first on the play. Zeiser threw out Maloney at first.

Thus far it did not appear that Lowell was destined to wipe out the disgrace of yesterday's defeat at the hands of Brockton. Anderson threw out Anderson at first. Beaver was sent in to bat for Zeiser and went out Dowd to Daum. Clemens was out Sullivan to Daum.

Score—Brockton 8, Lowell 0.

Fourth Inning

Beaver was now pitching for the home team. He walked Dowd. Flaherty popped one to Miller. Howard singled to right, Dowd going to third. Howard went to second and Anderson made a quick return to Daly but Ruffange called Dowd safe on his slide to the plate. McGaffey hit to Beaver, the ball glancing off his glove toward Miller, who also failed to handle it, and McGaffey was safe at first and Howard scored. McGaffey was out trying to steal second, Daly to Anderson. Daum flied out to Anderson. DeGroat got a three-bagger to left center and Miller flied out to Dowd. Magee was safe on Sullivan's error and DeGroat scored. Daum made a neat catch of Monahan's high fly, rolling over on his back but still retaining the ball when he arose. Anderson flied

up a slow one to Daly and Magee went to second. Dee fanned.

Score—Brockton 10, Lowell 1.

Fifth Inning

Burroughs walked and Sullivan bunted along the third base line. Daly dodging the ball to Monahan who dropped it; both men safe. Anderson hit to Dee, who threw to Miller forcing out Ruffange. Maloney hit to Beaver, who threw to Daly to Dee to Daly, when Ruffange was doubled up between second and third and the runner was finally called out when the ball hit him. On a double steal Maloney went to second and Anderson came home. Dowd walked and Flaherty flied out to Magee.

Anderson flied out to McGaffey in right field. Beaver out, Anderson to Daum. Clemens was safe on Dowd's error. DeGroat flied to Maloney.

Score—Brockton 11, Lowell 1.

Sixth Inning

In the sixth inning Brockton went out in order, much to the spectators' surprise. Howard was thrown out by Anderson at first. McGaffey popped one up to Miller. Daum sent out a high fly to center which Clemens got under. No runs.

Lowell went in and scored one run in her half of this inning. Miller opened with a sharp single to center. Magee singled to left, Miller taking third on the play. When Maloney threw to third in an attempt to head off Miller Magee tried to make second but was thrown out. Maloney to Flaherty to Sullivan. Monahan singled to center, scoring Miller. Daly hit to Flaherty at third and Monahan was forced out at second. Flaherty to Dowd. Dee got a single along the third base line. Anderson closed out the inning with two men on by flying out to Sullivan. One run.

Seventh Inning

Four men faced Beaver in the seventh. Ruffange was out when Beaver fielded his grounder to first. Sullivan walked. The Brockton pitcher hit to Miller and was thrown out, Miller to Monahan. Maloney was out at first when he hit a fast grounder to short. No runs.

Lowell got to Anderson for three hits in her half, and coupled with an error, these scored two runs. Beaver was safe on Dowd's misplay. Clemens hit to the pitcher and reached first base on a holder's choice, Beaver being thrown out at second. DeGroat walked the ball to left center for two bases and Clemens came home. Miller's out, Flaherty to Daum. DeGroat took third. Magee singled to left, scoring DeGroat. Monahan got a base hit to right, Magee going to third. Daly hit to Dowd and Monahan was out, Dowd to Sullivan. Two runs.

Eighth Inning

Dowd opened the eighth by hitting a savage grounder to Anderson which the latter fielded beautifully. Flaherty flied out to DeGroat. Howard walked and stole second but was left there when McGaffey popped to Miller. No runs.

Dee struck out. Anderson died by the same route. Beaver was safe when Dowd fumbled his grounder but was forced out at second when Clemens hit to Sullivan. No runs.

Ninth Inning

Dowd went out simply enough in the last inning, Miller to Monahan. Beaver threw out Ruffange at first. With two out Brockton scored two more runs. Sullivan walked and scored when Anderson hit out a double to right that struck the fence. Maloney singled into Magee's territory and Anderson scored. Dowd flied out to Magee. Two runs.

DeGroat started out Lowell's half of the ninth by singling to center. Miller was safe when Flaherty juggled his grounder. Magee sent a hot liner to Dowd and the Brockton second baseman made the putout. Monahan hit to Dowd who threw to Sullivan, forcing out Miller at second. DeGroat went to third on the play and scored. Daly hit safely to left. Dowd wound up the game by flying out to Maloney. One run.

EXPERTS PREDICT AMERICA WILL DEFEAT
GERMANS IN DAVIS CUP PRELIMINARIES

PHOTOS BY AMERICAN PRESS ASSOCIATION

WILLIAMS & MCLOUGHLIN

NEW YORK, June 11.—Now that America has triumphed in four out of five matches from Australia and is a round nearer the Davis cup-it makes the going look a little easier to land the famous trophy in this country. With Australia out of the way America next plays the Germans, who defeated the French recently. McLoughlin, Hackett and Williams will sail for England shortly, where they will participate in the All England championships at Wimbledon and subsequently work their way to Germany to decide the second round in the Davis cup preliminaries. The Kaiser's representatives are likely to prove a harder foe than the Antipodeans, but Charles Hackett, the English professional, who taught the German team a few points of the game, believes that America will eliminate the fatherland players. If McLoughlin maintains the speed he showed against the Australians in the foreign matches almost every racket wielder in Europe will be forced to

DIAMOND DAZZLES

It is safe to say that the Lowell fans will never have to watch either Beaver or Burroughs perform, or rather fail to perform again.

From being with a hawk, simply lobbed the ball up to the plate and Beaver was little better. Beaver received his "line envelope" from Secretary John Cull as soon as he arrived at the baseball headquarters last night.

Yesterday's game is the first in which either Daly or Miller has worked badly, but when they did slump they fell down hard. It would not be surprising to see Lowell go along and play practically errorless ball after getting all those misplays out of her system. Here's hoping!

That was some catch of Jimmy Magee in the second inning when he pulled down Anderson's drive into left center. Magee caught the ball in his gloved hand while traveling at full speed.

Howard is a valuable man for any ball club to have possession of. He is always in the game and is the hardest worker on the Brockton team. Even with his team safely in the lead this player takes all kinds of chances to himself in order to get an extra base. He is a very clever man on paths and a hard baserunner to tag.

Carlstrom's record of playing 25 consecutive games without an error will probably stand among first basemen in this league for a long time. The Lawrence first sacker made his first misplay of the season yesterday when he threw into the Worcester grandstand before being set for the throw.

Burns, who was with Lowell the first of the season, is playing a great game in center field for High Duty. He is also hitting the ball hard. The New England league has a galaxy of outstanding players this year who are playing a wonderful brand of ball. Our own outfield will not suffer much when compared with any of them.

Saturday will see the first double header of the season played at Spaulding park with Lynn the visiting opponent. Lynn is playing fast baseball just now and should prove a good attraction for the week end game.

Yount, the ex-Lowell slapper, rescheduled a fine, resulting from the Lynn slappers yesterday. He was touched up for 12 safe hits and a dozen runs. Yount has pitched several good games for New Bedford this year but the support which any pitcher receives from the Whalers is enough to discourage a "Christy Mathewson".

U. S. Crop Conditions

WASHINGTON, June 11.—General crop conditions on June 1, averaged for the United States 0.5 per cent. lower than on the same date last year and 1.2 per cent. lower than the average condition on June 1 of recent years, the department of agriculture announced today. Conditions generally are somewhat below average in States east of the Mississippi river except Pennsylvania, Ohio, Wisconsin, Tennessee and Mississippi, and above average conditions west of the Mississippi river except in North Dakota, Kansas, Oklahoma, Montana, New Mexico, Arizona, Utah, Idaho and California.

WEST NEWTON, June 11.—The third and final round of the 54 hole medal play championship of the Women's Eastern Golf association was played today on the links of the Braeburn club with Mrs. Barlow of Philadelphia a four stroke leader when the play began. She was closely pressed by Miss Margaret Curtis of the Country club, the national champion, while eight strokes behind the leader were Miss Harriet Curtis of the Country club and Mrs. Clarence Vanderbark of Philadelphia. All four of these players were conceded to have a chance for the title won last year by Mrs. Barlow.

NEW YORK, June 11.—When the best team won the first engagement for the cup emblematic of the world's championship in polo at Meadowbrook last evening, the stars and stripes were floating triumphantly over the hard fought battlefield, the score standing: America 53, England 3.

Before the match there was an impression that this team of British army officers was invincible and that Harry Payne Whitney's team would indeed be lucky if it were able to make a good stand against the invaders.

This feeling was caused by the series of unexpected developments that happened on the eve of the battle, but the moment the rival teams got under way yesterday it was plain to see that the American team was underestimated, and that the Britishers were a truly overrated. Thirty thousand saw the match.

Written and White to Meet

CHICAGO, June 11.—Charles White and Jack Britton signed articles last night to fight 20 rounds at New Orleans on July 1. They will weigh in at 133 pounds, three hours before entering the ring.

Olinda Making for Port

CHARLESTON, S. C., June 11.—The Olinda line steamer, Olinda, which was reported on fire at sea, was 55 miles southeast of Charleston at 3:10 last night making for this port. The Olinda is expected to arrive today.

Woman Was Seen Lying on the

track by the station agent late last night but when the agent approached her the woman fled. The police were notified but a search of the neighborhood revealed no trace of her until daylight when her headless body was found near the place where she had been seen last night. The clue to her name was furnished by the markings on her clothes. She was about 35 years old.

Man Was Struck on Head

With Axe

BOSTON, June 11.—Giosseppe "Al" Florio, who has been in the East Boston Relief hospital since last Saturday with a fractured skull, the result of being struck on the head with an axe by Mrs. Gemma Callabrese of 337 East Eagle street, died at the hospital yesterday afternoon from his injuries.

Mrs. Callabrese, who had been released on bail, was rearrested last night and will be charged, in the East Boston court today, with manslaughter.

People Who Buy Good Pianos

Seem to have a preference for our store.

BECAUSE we give them such nice instruments and have the largest stock of ARTISTIC PIANOS to be found in this city, to make their selection from.

They look around when they buy their pianos and find that we not only give them a larger variety to select from, but they get much BETTER VALUES than they could get elsewhere in Lowell.

ABANDON GRAND JURY INQUIRY

No Evidence of Attempt to Bribe Juror Shuman in the Dynamite Case

BOSTON, June 11.—The court inquiry into the alleged attempt to bribe one of the jurors in the recent conspiracy trial was abandoned today, when District Attorney Joseph P. Folger announced to Judge John A. Felt that during the grand jury investigation of the dynamite case, no evidence had been discovered that would in the slightest degree reflect against any of the defendant or counsel in the case. Judge Felt said that in view of the fact that the grand jury investigation had been completed, and that the court should progress further.

TURKISH MINISTER ASSASSINATED

Mahmoud Schefket Pasha Was Killed When Armed Men Attacked Him in His Auto

CONSTANTINOPLE, June 11.—The spirit in fostering the military revolution which brought about the fall of Sultan Abdul Hamid, was assassinated today by two men armed with revolvers who attacked him when he was proceeding in his motor car to the Salline Park at noon.

Schefket Pasha was of pure Arab blood and a native of Baghdad. He was brought to Constantinople with his family when he was a boy. After studying at the military school he graduated at eighteen years of age with the highest honors. He was a great favorite of the former Sultan Abdul Hamid, who appointed him to the post of minister of war. He was killed by two men armed with revolvers who attacked him when he was proceeding in his motor car to the Salline Park at noon.

SAYS THAT COMPETITION EXISTS

Evidence Introduced at Dissolution Proceedings Against Shoe Machinery Co.

BOSTON, June 11.—Evidence tending to show that competition still exists in the shoe machinery business was introduced by the defense today at the dissolution proceedings against the United Shoe Machinery Co. as an unlawful monopoly operating in restraint of trade.

Edwin A. Webster of the Riverhill Shoe Machinery Co. testified on cross-examination by Charles F. Choate, counsel for the defense, that his company could supply a complete line of machinery for making what are called turn shoes. He also testified that his company could supply a full line of shoe machinery for welt and other kinds of machines. Parts of this machinery, he said, was manufactured in England and part here.

The witness testified that the company had been doing business since 1861 and that it has machinery in 28 factories which use machines of the United Shoe Machinery Co. He stated on direct examination by James A. Fowler, assistant to the United States attorney-general, that it would be impossible for his company to supply a shoe factory capable of turning out 5000 pairs of shoes a day without going abroad for part of the machinery.

Mr. Choate brought out that about 25,000,000 pairs of shoes were made in the United States last year and that the majority of factories had a capacity of not more than 1,500 pairs of shoes a day.

Mr. Fowler was unable to object to Mr. Choate's introduction of testimony of the witness that his company was selling machines much cheaper than the United Shoe Machinery Co. was supplying similar machines on royalties.

The witness was permitted to testify, however, that his company was selling machines outright for from \$200 to \$500 each and was reselling the same at \$350 a month, half of the rental going toward the purchase price, monthly.

George W. Bailey, agent of the Boston Manufacturing company, another independent shoe machinery company, testified that the Boston company took over the plant operated by the late E. W. Rogers at Mattapan for manufacturing shoe machinery and was not at all to place any of machinery on the market. When machines were manufactured, he said, were never being tried out in various factories. None had been leased or sold. He said that he had seen several of these, but several polished and

TREW BAG AT ASQUITH

Flour Dropped Near Speaker's Chair

LONDON, June 11.—While Premier Asquith was speaking in the house of commons this afternoon a bag thrown from the strangers' gallery fell near the speaker's chair and burst, covering the surrounding seats with flour. At the same time a batch of leaflets flew

Westfield Pure Food List

This famous Board of Health says: "We desire to submit a list of food products which were found of high grade and worthy of honorable mention." In this honor list is Malt Breakfast Food. No further endorsement is needed.

Ask your grocer, or write to The Malted Cereals Co., Burlington, Vt.

tered down, thrown by a young man who shouted something, about Mrs. Jackson, the suffragette "marry."

The missile was intended for the premier. It passed close by his shoulder and fell to the floor. The thrower was quickly ejected from the house. When the members had recovered from their astonishment they cheered the premier who then resumed his speech.

AUTO WHEEL COLLAPSED

Two Occupants Were Seriously Injured

GARDNER, June 11.—Mrs. Thomas Dooler of Brookline, wife of the president of a Boston company manufacturing a proprietary food, and Mrs. Frank H. Parker, wife of a prominent resident of Pittsfield, N. H., were seriously injured in an auto accident near Ashburnham today. Both women were brought to a hospital here. They will recover. The accident was caused by the collapse of a front wheel, which dented the car and threw the women onto a heap of stones.

FOSS STRIKERS REJECT

Proposition by the Arbitration Board

BOSTON, June 11.—Unanimous rejection of the proposition offered by the state board of conciliation and arbitration was voted yesterday afternoon by the men and women who are out from the two Hyde Park plants of Gov. Foss. The strikers further decided to continue their industrial warfare against the governor until they have won their original demands of a 20 per cent. increase.

The state board recommended that the strikers go back to work and that a committee of three, one man named by the governor, one by the strikers and the third to be agreed upon by the two contending parties, investigate the wages paid by competitors of Gov. Foss in this state, so that a fair wage for the workmen could be decided upon.

GOV. FOSS WINS FIGHT

Veto on the Milk Bill Sustained by Senate

BOSTON, June 11.—Governor Foss won his fight in opposition to the bill requiring milk brought from another state to be labeled "out of the state" when the senate today sustained his veto by a vote of 19 to 17.

The house passed the bill over the veto yesterday by a substantial vote. In his veto message Gov. Foss contended that the measure would arouse retaliatory legislation by other New England states.

A SUDDEN DEATH

Former Resident of Lowell Died in Lawrence on Monday Evening From Heart Trouble

Miss Julia Casey, a former resident of this city, where she was born, died suddenly in Lawrence Monday night, after completing her day's work at the Arlington mill, where she had been employed for a number of years.

Miss Casey worked all day in the mending department of the Arlington mill and at night returned to her home, 1 Acton street, where she was taken ill at 10.30 o'clock with acute heart trouble and before a physician could be summoned she passed away.

Deceased who was about 40 years of age was well known in this city where she lived for several years. She is survived by two sisters, Miss Nellie Casey and Mrs. Catherine Healey, both of Nashua, N. H.

MAYOR O'DONNELL

Has Many Invitations to Attend School Graduations.—G. A. R. Ladies to Present Flag

Mayor O'Donnell is in receipt of several invitations having to do with commencement exercises and other functions of a social nature. The St. Anthony society of Lowell is to hold a celebration Sunday, June 15 and the mayor has been invited to be present. His Honor has received an invitation to be present at the commencement exercises at the state normal school, Tuesday, June 17, and commencement exercises at Notre Dame academy, June 18.

Next Friday afternoon the ladies of the G. A. R. will present a flag to the Franklin school and the mayor's presence is requested.

Importance of Secondary Schools

BOSTON, June 11.—The importance of secondary schools in solving educational problems was emphasized in the report of the directors of the Congregational Education society, presented today at the annual meeting of the organization. The policy of the society, the directors declare, "should be to encourage the enlargement of the most promising academics that now seek the society's aid and concentrate its energies in assisting their development."

During the past year the society's receipts were \$23,743, an increase of \$11,200 over the year before.

WELL KNOWN RESIDENT

Ed. O'Heir Retired Merchant Passes Away

One of the oldest and best known citizens of this city, Edward O'Heir, a former furniture dealer of Lowell, passed away this morning at his home, 68 Lane street, after being ill only ten days. Deceased, if he had lived, would have been 87 years of age next September. He is survived by three sons, Albert

Que, and received his early education in his native city. He came to Lowell 40 years ago and shortly after his arrival opened a hay and grain store. He conducted this business successfully for about 15 years, when he shifted over to the furniture business.

Deceased after a successful business career retired from active work about 10 years ago. He always enjoyed the best of health up to ten days ago when he took ill. He was prominent in business circles and his demise will be keenly felt by all who knew him, for he was of a genial disposition that readily won the warmest friendship. He was a good church member and a constant attendant at Notre Dame de Lourdes church in Branch street. He is survived by three sons, Albert

LEGAL NOTICES
COMMONWEALTH OF MASSACHUSETTS, Middlesex ss. Probate Court.
To the heirs-at-law, next of kin and all other persons interested in the estate of Peter E. Kestrom, late of Tyngsborough, in said County, deceased.
Whereas, certain instruments purporting to be the last will and testament—and one codicil of said deceased have been presented to said Court, for Probate by Adolph P. Kestrom, who says that letters testamentary may be issued to him, the executor thereof named, without giving a surety on his official bond.
You are hereby cited to appear at a Probate Court, to be held at Lowell, in said County of Middlesex, on the seventh day of June, at 10 o'clock, a. m., at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.
And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks in the Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing post-paid, or delivering with copies of this citation to all known persons interested in the estate, seven days at least before said Court.
Witness, Charles J. McIntire, Esquire, First Judge of said Court, this third day of June, in the year one thousand nine hundred and thirteen.
W. E. ROGERS, Register.

SMALL DOCKET IN COURT TODAY
Youth in for Discharging Firearms—Several Drunks Sent Away

An exceptionally small docket awaited the entrance of Judge Enright into the court room this morning, only five cases coming up for discussion.

Dennis A. Pendergast was charged with drunkenness, his case being called on continuance. It was his first appearance for drunkenness within the year but other circumstances entered into Judge Enright's finding in his case. His wife was called to the witness stand and asserted that her husband lived with another woman and was of no material use to his family. The "other woman" in the case also testified, although she stated that she would say nothing to harm the defendant. She and the wife had a showdown, which the court stopped by ordering Pendergast sent to jail for a term of three months. He did not register an appeal.

Robert J. Christy and his wife, Mary, an old couple, pleaded guilty to drunkenness. Both were in very bad physical condition, the woman in particular, being very shaky. Judge Enright ordered them both to be committed to jail for 30 days.

Michael Tierney pleaded guilty to discharging a rifle within the city limits. It was the young man's initial offense of any description and his case was placed on file. Officer Lennon stepped up to the bench and said that his mother had asked him to see that the rifle was taken from the boy. The officer also stated that he understood that the boy carried a loaded revolver. The court asked Deputy Downey if he would be satisfied to have the case placed on file and upon his acquiescence the defendant was called to the bench. Judge Enright gave the offending youth a severe talk about the misuse of firearms and warned him not to repeat his misdemeanor. The case was ordered placed on file. William J. Monahan was given a sentence of four months to jail for drunkenness but appealed his case to the superior court.

PREPARED FOR DECISIVE FIGHT
Brig. Gen. Pershing Ready to Move on the Rebellious Moros Entrenched at Bagsag

MANILA, June 11.—Brig. Gen. John J. Pershing, commander of the department of Mindanao, had made all arrangements to move forward at daylight today and engage in a decisive fight against the rebellious Moros entrenched at Bagsag under the Sultan of Jolo.

A stubborn resistance to the advance of the American troops was expected.

CHANGES IN TARIFF BILL
The Finance Committee Makes Report

WASHINGTON, June 11.—Majority members of the senate finance committee continued to make progress today in considering changes in the Underwood tariff bill proposed by the committee. Under discussion today was the metal schedule reduced by Senator Stone's subcommittee. Duties on pig iron and ferro manganese have been removed and reductions

SUFFRAGISTS FROM TWENTY-SIX COUNTRIES
READY FOR ANNUAL CONVENTION, BUDAPEST

Mrs. STANLEY MCCORMICK
Mrs. CRYSTAL E. BENEDICT

GENERAL VIEW OF BUDAPEST

WIDESPREAD

WILL BE FEATURE OF SAINT MARGARET'S PARTY
The three-mile race to be held about the South common on the evening of June 18 as a feature of the lawn party of St. Margaret's parish promises to be a big event for the local runners as well as furnishing the spectators a hot contest for supremacy among the local and visiting stars. Great interest has been aroused in the race and people are looking forward to it with the hope of seeing their favorites among the winners.

3 MILE RUNNING RACE
Will be Feature of Saint Margaret's Party

Annual Outing
The first annual outing of Corde Reilly's recently formed organization will be held a week from Sunday. The affair will be held at the Lorange camp in Tyngsboro and promises to be a lively event, for the arrangements are in the hands of a committee of ten of the best workers of the circle.

Declaring at Panama Canal
PANAMA, June 11.—The record of the monthly dredging operations in the canal was broken in May when over 1,000,000 cubic yards of earth were removed from the two entrances. The greater amount was taken out at the Atlantic end, consisting in large part of silt washed into the canal by ocean currents.

STRIKE LEADERS HELD ON MURDER CHARGE

Lowell Man and His Wife Held in
Connection With the Death of
Woman at Ipswich

IPSWICH, June 11.—Three industrial
Workers of the World, two of whom
are officials and the third the wife of
one of them, were today held without
bail on the charge of murder as a re-
sult of last night's strike riot in which
one woman was killed and seven other
persons were seriously injured. Six-
teen other persons were charged with
rioting or assault, bonds of \$2000 being
required for the first offense and \$300
on the lesser offense.

Those held for murder are Nathan
Hermann an organizer of the I. W. W.,
who was active in the textile strike
at Little Falls, N. Y., E. L. Plingree of
the Lowell branch, and Mrs. E. L. Plin-
gree.

LOWELL MAN SENTENCED Arrested for Breaking and Entering Car

Mike Perednon, a resident of this
city, was arrested in Lawrence yester-
day on a complaint charging him with
breaking and entering a railroad car
with intent to commit larceny. De-
fendant was arraigned in court yester-
day and his case was continued to
today, bail being fixed at \$300.

An autopsy on the body of Miss
Nicoletta Pangelopoulos was held to-
day and it was found that the woman
was shot in the head as she was facing
the man who held the revolver and
probably at short range.

MURPHY BROKE RECORD Swam From Bass Point to Revere

Podge Murphy, the local swimmer,
with his trainer, Ed McCormack, this
afternoon broke the record between
Bass Point and Revere, covering the
distance in two hours and five minutes.
The record was two hours and eighteen
minutes and was held by Miss Ekhardt.
Murphy left Bass Point at 12:30 o'clock
and arrived at Revere at 2:35. Upon
reaching his destination Murphy was in
fine condition, as was his trainer, Mc-
Cormack. They were greeted by a large
crowd and among these to congratulate
the swimmers were Rose Plino, who is
playing at a Revere theatre this week.

Following the usual custom at this
season, the New York, New Haven and
Hartford railroad has posted notices
that on June 17 a number of local
trains into Boston and return trains in
the afternoon will be discontinued.
Some of the express trains will make
local stops. Passengers will have to
consult the notices posted or inquire at
the ticket offices.

BIG FIRE IN WESTFORD Help Called From Lowell —Lumber Ablaze

Chief Saunders of the local fire de-
partment received a call for aid this
afternoon from the town of Westford.

ORDERS AUDIT OF CITY'S ACCOUNTS

For the Year 1912 to Test Charges
Made—Mayor O'Donnell Refers
Him to Gettemy's Experts

District Attorney John J. Higgins
has ordered an examination of the fi-
nancial books of the city of Lowell for
1912. This special audit is in connec-
tion with the charges made by Mayor
James E. O'Donnell against Commis-
sioner George H. Brown, stating that
Mr. Brown, as commissioner of streets
for 1912, exceeded his appropriation.

It will be remembered that Mayor
O'Donnell and other members of the
municipal council, together with City
Auditor Pelze, appeared before the
grand jury at the court house in Gor-
ham street, last week for the purpose
of supplying facts in connection with
the investigation accompanying the
mayor's charges against Commissioner
Brown.

A few days later the grand jury ad-
judged that there would be nothing
done in the municipal investigation
until September. It seems, however,
that the district attorney had figured
differently. He had communicated with
Mayor O'Donnell and had asked the
mayor for evidence to substantiate his
charges. The mayor contributed the
evidence and suggested to the district
attorney that if further evidence was
required he, the district attorney,
might employ expert accountants to
go over the books and test the accu-
racy of all the statements made.

In the meantime the city engaged
men from Mr. Gettemy's department,
the department of labor and statistics,
to audit the books of the city of Low-
ell for 1912 and the auditors, repre-
senting the commonwealth, finished
with their work just a few days ago.
Mr. Gettemy's men will submit their
report within a month.

District Attorney and Mayor
James E. O'Donnell by telephone this af-
ternoon and apprised him of the fact
that he had ordered an examination of
the financial books of the city of Low-
ell for 1912. The district attorney
said that a representative of the Amer-
ican Auditing Co. would come to this
city tomorrow.

Mayor O'Donnell asked Mr. Higgins
if he was aware of the fact that audi-
tors representing the commonwealth of
Massachusetts had just completed an
examination of the books of the city of
Lowell for 1912, and Mr. Higgins said
it was news to him.

DUFFY'S HUSTLERS HERE Portland and Lowell at Spaulding Park

Although the general atmospheric
conditions favored the national game
this afternoon, nevertheless the pres-
ence of a circus in town was the
means of keeping many fans away
from Spaulding park. They figured
that they can see a baseball game
most any old time but a circus only
once or twice a year. The attendance
at the Lowell-Portland clash numbered
about 500.

Maybohm climbed the mound to
serve the Portland hitters while Jew-
ell was in the box for the visitors.
Owing to the absence of Halstein,
Monahan covered the first sack as he
has during the past two or three
days with Daly behind the bat.

Portland
Clemens, cf
McNeill, lf
Barnes, 3b
Browcock, ss
Hickman, 1b
Daly, c
Dee, 3b
Anderson, ss
Maybohm, p

First Inning
Burns was passed. Merrill hit to An-
derson who fell down in trying to
field the ball. Merrill safe, and Burns
went to second. Bowcock was out, Daly

to Monahan and both runners ad-
vanced. Hickman out, Miller to Mon-
ahan, but Burns scored on the play.
Pumphrey walked. On the first ball
pitched he started for second and drew
a throw by Daly to Anderson on which
Merrill scored. Anderson threw to the
plate to catch Merrill and both men
were safe. Riley out, Miller to Mon-
ahan, Miller making a fine one-hand
stop.

Clemens out, Hickman to McNeill.
DeGroff was passed, and then stole
second. Riley caught Miller's fly in
right field and DeGroff advanced to
third. Maybohm walked. He stole second.
With two strikes and three balls called
on him, Monahan put up a high one
a yard in front of the plate. Jewell and
Hayden both started for the ball. It
hit Hayden's glove and Monahan was
safe. DeGroff scoring. Monahan stole
second. Daly singled to left center
scoring Maybohm and Monahan. He con-
tinued to second when Merrill had
dropped the ball poorly. Dee filed out to
Riley.

Score: Portland 2, Lowell 3.
Second Inning
Monahan out, Anderson to Monahan.
Hayden walked. Jewell was fouled
throw went to third. Burns filed out
to DeGroff.

Anderson struck out. Maybohm did
likewise. Jewell knocked down Clem-
ens' liner and threw him out at first.
Score: Portland 2, Lowell 3.

Third Inning
Merrill filed out to Anderson. Dee
threw out Bowcock at first. Hick-
man hit safely through shortstop.
Anderson was out of position and did
not field Pumphrey's grounder, the
runner was safe at first. Hickman
took a big lead out second and when
Daly threw to Anderson, scored for

PATERSON SHAKEN BY BOMB EXPLOSION

Home of Three Brothers Who
Refused to Join Silk Strikers
Wrecked—Men Uninjured

PATERSON, N. J., June 11.—Paterson was shaken
early today by the explosion of a bomb in front of the home
of three brothers who had persistently refused to join the
silk strikers. The house was damaged but the occupants
were uninjured and later they went to work as usual under
an escort of police.

third, Pumphrey stole second. Riley
hit to Anderson who threw over Mon-
ahan's head to the first base bleachers.
Hickman and Pumphrey both scoring.
McNeill filed out to Clemens.

DeGroff was safe at first when his
grounder rolled through Pumphrey.
Miller sacrificed him to second going
out safe to McNeill. Maybohm out.
Pumphrey to McNeill and on the play
DeGroff went to third. Monahan
fanned.

Score: Portland 4, Lowell 3.
Fourth Inning
Hayden was passed. Jewell fald
down a bunt to Maybohm, who threw
to Anderson at second for a force-out,
but the throw was high and Anderson
dropped the ball, both men were safe.
Burns sacrificed along, going out, Dee
to Monahan. On Miller's error Merrill
was safe and Hayden scored. Bowcock
hit to left field, scoring Jewell. Hick-
man hit to right, scoring Merrill. Pum-
phrey was safe on a fielder's choice.
Hickman going out, Anderson to Miller.
Riley hit to center field, scoring Bow-
cock. He went out, Anderson to Mil-
ler, when McNeill hit to Anderson.

Daly fald in foul to Hayden. Dee
reached first on an error by Pumphrey.
Anderson hit to Jewell and Dee was
out.

Mr. and Mrs. Patrick T. McNulty of
Ware street, sailed yesterday on the
Franconia for Ireland. Their son, Wil-
liam J. McNulty, will join them later.

Boston Home Ransacked \$10,000

The house at 299 Berkeley street,
Boston, is the winter residence of
Frederic Wintrop, who, with his fam-
ily have been at Hamilton, on the
North shore, for some weeks. When
they left the house, it was boarded up
and some of their jewelry was left
there. Monday the police captured a
boy on the premises preparing to leave
with loot he had got together in suit
cases after a two days' sojourn on the
premises. When the suit cases were
opened at the station house they were
found to contain a necklace with a
diamond pendant, valued at \$3000, a
gold chain with 50 topazes valued at
\$1000, a stickpin worth \$100, a gold
bracelet set with a cameo and valued
at \$100, gold snake bracelet worth
\$500, a wrist chain valued at \$100, a
pearl necklace worth \$300, a small
diamond necklace worth \$300, a solid
gold mesh bag worth \$500, and a num-
ber of other small articles of jewelry
and clothing of rare design and tex-
ture which will bring the total amount
up to \$10,000, according to the au-
thorities.

Unoccupied premises. Family known
to be away for summer. Jewelry and
other valuables within. Comment
seems unnecessary.

An expenditure of \$5.00 would have
prevented safety with the Middlesex
Trust Co., corner Merrimack and
Palmer streets, Lowell. Is there any
argument?

COMPULSORY VACCINATION IN THE PRIVATE SCHOOLS

The board of health had a confer-
ence this morning for the purpose of
making further investigation into the
case of smallpox reported by Dr. R.
Mignault and verified by the local
smallpox expert, Dr. E. G. Livingston
yesterday.

The board had reason to believe that
there is a connection between the case
reported yesterday and the last case
occurring at the contagious disease
hospital in Chelmsford street. The
case reported by Dr. Mignault, yester-
day, was that of Joseph Castonguay,
whose home is in the rear of 493
Moody street. The last patient to oc-
cupy the smallpox hospital in Chelms-
ford street was Desmond Deagene of
Western street, who was taken to the
hospital on January 21 of the present
year, and released on March 5.

Castonguay, with his wife and seven
children, were sent to the smallpox
hospital yesterday afternoon. A wom-
an, a sister of Castonguay, who was
in the house at the time Dr. Living-
ston called, made a speedy exit, going
it is believed, to her home in Boston.
Agent Bates immediately notified the
board of health of Boston of her ad-
dress, with instructions to hold her.
Dr. McAvinue Appointed
At its conference, this morning, the
board of health appointed Dr. Frank
McAvinue to follow up the smallpox
case reported yesterday and to ascer-
tain, if possible, its origin. Dr. McAvi-
nue is also an expert on smallpox and
his services in this instance will be
especially valuable as he talks both
English and French. To say that he
speaks both tongues fluently and cor-
rectly is superfluous, for the doctor is
very correct in everything.

Connects the Two Cases
Dr. McAvinue has already gone in-
to the matter to some extent and has
established, to his own satisfaction, at
least, a connection between the case
reported yesterday and the last case
treated at the smallpox hospital. He
has found that the two families visited
each other, and the doctor is also very
positive that six of the children sent
to the smallpox hospital yesterday
have had recently recovered from
smallpox. He does not hold that Mr.
and Mrs. Castonguay were cognizant
of the fact that the children had the
disease and he believes they had it in
a very mild form. Mr. Castonguay's
case, however, is a very severe one
and is quite well advanced.

Compulsory Vaccination
It was stated at the conference that
six of the Castonguay children attend-
ed the French parochial schools, St.
Joseph's college, the convent and con-
vent annex. Upon receiving this in-
formation, it was suggested by Dr.
Carroll that 300 more vaccine points be
ordered from Boston and that com-
pulsory vaccination be ordered in the
three schools in question. Dr. Car-
roll's suggestion met with the board's
approval. The board decided to make
a thorough investigation of the small-
pox situation and one of the members
suggested that he would not be sur-
prised if Dr. McAvinue would discov-
er other cases that had not been re-
ported to the board of health.

MISS DEVINE'S PLAY URGES DIAZ TO RETURN WITH THE FRATERNITIES

Duly Appreciated by the Teachers' Organization

Mexican Friends Call on Former President

Several Societies Held Meetings Last Night

At the adjourned annual meeting of the Lowell Teachers' organization held yesterday afternoon, the following officers were elected for the ensuing year: President, Miss Elizabeth C. Kelly; secretary, Miss Bessie E. Hutton; treasurer, Miss Rosalie T. Burns; and Miss Edson; Miss Katherine Kelly of the High School; Miss Anna Hutton of the Highland school; director for one year, to complete the term of Miss Edson, Miss Ida Samuels of the Moody school; directors for the year, Miss Katherine Kelly of the High School, Miss Carrie Bailey of the Pine Street, Miss Charlotte Walsh of the Park Street, and Miss Margaret Fox of the Colburn. Reports were read by the officers and reports of committees. Miss Alice T. Lee, chairman of the committee on the presentation of Miss Devine's play, submitted a report and she also presented a memorial paying tribute to the life and work of Miss Devine.

A vote of thanks was given to Miss Lee for her untiring effort to make the play a success. Miss Mary E. Devine, author of the play, was given a cordial vote of thanks, together with a more substantial expression of appreciation in the form of a check from the treasurer of the organization. The performance in the Opera House netted over \$500 to the organization.

The secretary was instructed to send letters, thanking the principals in the case, Dr. Thompson, Mr. Hux, Miss Miller and Mr. Campbell, and an oral vote of thanks was extended to all who took part. Miss Marietta Gormley, the pianist, and Miss Grace E. McEvoy, the cornetist, were specially remembered, their names having been inadvertently omitted from the printed program.

The organization is in a most prosperous condition and has made itself a power for good in the community.

TO END BARBERS STRIKE
Master Barbers and Employees Met

BOSTON, June 11.—Master barbers and their employees met again today in an attempt to end the strike conducted by the Industrial Workers of the World and affecting about 1000 men. Although the terms offered by the employers yesterday were rejected by the strikers it was believed by the master barbers that the new terms would meet with more favor.

\$5,500,000 RENTAL CHARGES
Should Be Made Against the Postal Service for Use of Space in Federal Buildings Says Former Senator

WASHINGTON, June 11.—Rental charges of approximately \$5,500,000 should be made against the postal service for the use of space in federal buildings throughout the country, according to Senator Jonathan Bourne, chairman of the congressional commission investigating matters of railway mail pay and second class postage.

In a statement today Mr. Bourne said it had been the practice when a city postoffice was moved from an old into a new federal building to ease charges against the postal service. On the strength of information he had secured from custodians of all federal buildings, Senator Bourne estimated the rental space is worth \$5,514,797 and that this sum should be directly charged to the rental fund of the postoffice department.

Constitutional Convention
WASHINGTON, June 11.—As part of the progressive party program in congress Rep. Chandler of New York is preparing to press a resolution proposing a constitutional provision that amendments to the constitution may be prepared by congress whenever a majority of both houses in the same session of congress shall deem it necessary or by conventions or by not less than one-fourth of the states, providing that the one-fourth contains one-fourth of the population of all the United States. The plan would require a constitutional convention in 1920 and every 30 years thereafter for proposing constitutional amendments.

For Baby's Tender Skin

Use SULPHOLAC even on your baby's delicate skin. It will cure the first tiny itching spot of eczema. For rash, chafing and all infantile skin disorders, this wonderful sulphur cream brings quick relief.

It's the sulphur combined with a valuable germ-destroyer, that makes SULPHOLAC so different, so successful in the work it does.

Doctors recommend SULPHOLAC because of its unusual benefits, its unquestioned purity, its quick relief.

Give your baby the comfort that SULPHOLAC is sure to bring. Don't let him suffer when SULPHOLAC will relieve him.

Sold by all druggists. Good-sized jar, 50c, with directions. For free sample write Hudson & Co., Inc., 140-151 West 56th St., New York.

NEED NOT PAY DUTIES

Decision Against American Government

WASHINGTON, June 11.—Exporters who paid customs duties to Aguinaldo's government in the Philippines after the American occupation but before the ratification of the treaty of peace with Spain were advised today that they need not pay duties to the American government under a decision by the supreme court. The right is upheld of a British firm, MacLeod & Co., which imported rice at Cebu when Aguinaldo was in control of that port, to sue the government for the recovery of \$300,000 sum paid as duties on the same cargo to the American government as a condition of the firm being permitted to do business in Manila.

Justice Day, who headed the American delegation, which prepared the peace treaty, announced the court's decision.

WELCOME BRAZILIAN

Dr. Muller Hereto Repay Visit of Sec. Root

OLD POINT COMFORT, Va., June 11.—Saluted by a roving of guns from Fortresses Monroe and Arkansas and three destroyers, the Brazilian battleship Minas Geraes with Dr. Lauro Muller, minister of foreign affairs of Brazil, on board, anchored in Hampton Roads yesterday afternoon. Dr. Muller comes to repay the friendly visit to Brazil of Senator Root, when secretary of state. Secretary Bryan, Senator Root, Brazilian Ambassador Nazama, Assistant Secretary Malone of the state department greeted the distinguished visitor. When the Minas Geraes anchored beside the presidential yacht Mayflower, Mr. Malone went on board the Brazilian battleship, where he formally welcomed Dr. Muller on behalf of President Wilson.

Wilson to Receive Muller
WASHINGTON, June 11.—Long before the naval yacht Mayflower, Dolphin and Sylph arrived at the Washington navy yard today a squadron of cavalry was waiting to escort Dr. Lauro Muller, the Brazilian envoy, who is here to return the visit of Secretary of State Root to South America several years ago. Quarters for himself and his suite were prepared at a leading hotel and arrangements for his reception by President Wilson also had been made.

MILLBURY CELEBRATION

Closing of 100th Anniversary Today

MILLBURY, June 11.—With former President Taft, Governor Foss and Congressman Samuel Winslow as invited guests, the closing of the celebration of the 100th anniversary of this town today was of special interest. The laying of the corner-stone of the new high school and an exhibition of historical objects were features of the day's program.

Griffin lodge, I. O. O. F., met in regular session last night in its rooms in Odd Fellows hall with a large number of members present. Considerable routine business was transacted, and some very interesting reports were read from the different committees. After the business a social hour was enjoyed and a game of quills was played by the members. Noble Grand William Maynard presided during the meeting.

Division H. A. O. H.

A well attended meeting of Division H. A. O. H. was held last night in A. O. H. hall, with President McInerney in the chair. Several propositions for membership were received, and three members were initiated into the division. President McInerney spoke to the brothers, calling their attention to the membership contest that is to be held in the near future. Brother Nevins spoke on the good of the order, dwelling particularly on the good work accomplished by the past officers of the division. The meeting was presided over by President McInerney.

Court Merrimack, No. 11, F. of A.

The regular meeting of Court Merrimack, F. of A., was held last night in Griffin hall with a large number of members present. Considerable business was transacted and several bids were approved. The final reports from the delegates who attended the recent grand court convention were read and several of the members spoke on the good of the order. Chief Ranger George R. O'Neil presided during the evening.

Manchester Unity, Odd Fellows

The joint committees from the I. O. O. F. and the O. L. Manchester Unity lodges have made final plans for the memorial service to be held at the Primitive Methodist church on Gorham street next Sunday afternoon. The Odd Fellows will parade from Odd Fellows temple to the church under the direction of Chief Marshal Cullen. After the service the members will march to the cemetery to dedicate the monument to the late Brother Gregg. It is hoped that all members of the Odd Fellows and the Manchester Unity will be present at these services.

Court Middlesex

The regular semi-monthly meeting of Court Middlesex, F. of A., was held last night in its rooms in Odd Fellows temple with a large number of members present. Considerable routine business was transacted, but when a social hour was enjoyed by all. The reports of the various committees showed the order to be in a good financial condition, and plans were made to increase the interest of the members. Chief Ranger John B. Koneflek presided.

BREAKS FLYING RECORD

French Aviator Flies from Paris to Warsaw

PARIS, June 11.—The young French aviator, Marcel G. Brindeau, has made flying today a record of 1300 kilometers (approximately 800 miles) in 13 hours, and, excluding stops, attained an average speed of 150 kilometers (93.3 miles an hour). He accomplished this in competition for the Tannery cup for the longest flight across country from sunrise to sunset in one day, with stops if necessary.

STABBED THREE TIMES

18 Year Old Boy Attacked Teamster

BOSTON, June 11.—Following a dispute over a trifling matter with John Lynch, a teamster, 18-year-old Charles Catalina, it is charged, drew a knife and stabbed Lynch three times yesterday afternoon at the Pilgrim Laundry company plant, 65 Alberton street, Roxbury. Lynch will probably recover.

As Lynch sank to the floor of the washroom, bleeding from wounds in his chest and abdomen, young Catalina washed the blood from his hands and calmly changed his clothes. Then he walked out of the building and disappeared.

TWO LOWELL CASES

At Criminal Session of Superior Court in Cambridge Yesterday—Jennings Got Three Years

Yesterday in the superior criminal court at Cambridge, Alexander Jennings pleaded guilty to a charge of breaking and entering and larceny, and was sent to the house of correction for three years. He had several previous convictions against him.

William H. Gregory, charged with breaking into the houses of E. F. Shaw and Abbie N. Howe in Vermont avenue was placed on probation, after being ordered to pay the costs of the court and make good the loss to the owners of the house.

MATRIMONIAL

At 4 o'clock yesterday afternoon the marriage of Mr. Martin Harding of Methuen and Miss Elizabeth Cassidy of this city, was solemnized at St. Michael's rectory, the ceremony being performed by Rev. John J. Shaw. The best man was Leo Jordan of Lewiston, Me., while the bridesmaid was Miss Nellie Riley of this city. After the ceremony the bridal party repaired to the home of the bride, 72 Third street, where a reception was held, there being four generations of the Cassidy family represented. The happy couple will make their home at Holliston. No cards.

ATWOOD NOT HEARD FROM

Aviator Left House, Mich., Tuesday Afternoon for Trip Over Lake Erie to Sandusky, O.

SANDUSKY, O., June 11.—Harry Atwood, the aviator, who left Ecorse, Mich., in his hydroaeroplane yesterday afternoon for a trip over Lake Erie to this city, had not been received here last night, and no word had been received as to his whereabouts.

FIRES SHOT IN PURSUIT

Prisoner Breaks Away From Officer

BOSTON, June 11.—George Wagner, claiming to live at 26 Brookfield street, Dorchester, was caught in a chase in Dock square by a fireman, with a police officer in pursuit, the latter having fired one shot into the air to stop the pursued, about 9 o'clock last night.

Patrolman Van Linschoten was in the spirited chase. He met Wagner in a doorway at the corner of Broad and State streets in the act of changing his clothes. The officer, having in mind an order read at roll call in the City Hall station, that a man was wanted in Roxbury, charged with stabbing another, thought that Wagner might be the man.

He collared Wagner and started to take him to the station house. At the corner of State and Congress streets, the prisoner made a dash. He ran up State street to Devonshire, followed by the officer. Van Linschoten, fearing his quarry would succeed in eluding him, took out his revolver and fired one shot. Fireman Regier of ladder 22 happened to be in Dock square and hearing the shot and observing the fleeing man rushed out and grabbed him. He turned Wagner over to the officer.

CIVIL SERVICE EXAMINATIONS

Vacancies to Be Filled Under the Federal Civil Service Authority—Exams This Month

For the latter part of this month and early in July, the United States civil service commission announces a number of examinations for men who desire opportunities for entering the government service in the various departments. The examinations are as follows:

June 18.—Apprentice draftsman, male, office of chief of ordinance, war department, salary \$360 per year; electro metallurgist, male, bureau of mines, department of the interior, salary \$1,000 to \$1,500 per annum; skilled laborer, male, Washington, D. C., salary \$900 per annum; sanitary bacteriologist, male, laboratory at Washington, salary from \$1,200 to \$1,500 per annum; copyist ship draftsman, male, navy department, Washington, salary \$2.40 per day.

June 22.—Philatelist, Washington, salary \$120.

June 25.—Ship draftsman, male, navy department, Washington, salary from \$2.25 to \$3.01 per day.

Narrow Escape

Blanche Marcotte, about four years of age, daughter of Mr. and Mrs. Arthur Marcotte of 50 Arden street, miraculously escaped serious injury or death yesterday when she fell from the third story to the ground. The child was playing on the fire escape and leaned over the last her balcony and fell to the ground. She was picked up and carried to her home by a passerby, and a physician was called, but after a close examination the doctor found only a small bruise on the child's arm.

AMUSEMENT NOTES

Merrimack Square Theatre

A thoroughly enjoyable program is being given this week at the Merrimack Square theatre and will no doubt be greeted by large and larger audiences as the week passes and patrons realize what an exceptionally good bill is to be found at this popular theatre. The Operatic Band, Eddie Pooley, Bunny Gray and Roland Travers, all contribute their share toward the week's success while the photoplays are far above the average. Next

week moving pictures of Lowell. Performances continuous.

Theatre Voyons

"When a Woman Loves" the Cines drama shown at the Theatre Voyons today is a most unusual picture. It is acted by the very best company of Italian artists with none of the extravagant gestures so common among the cheaper European artists and with a story that has never been excelled for interest and dramatic strength. A brace of Biograph comedies provides plenty of laughs.

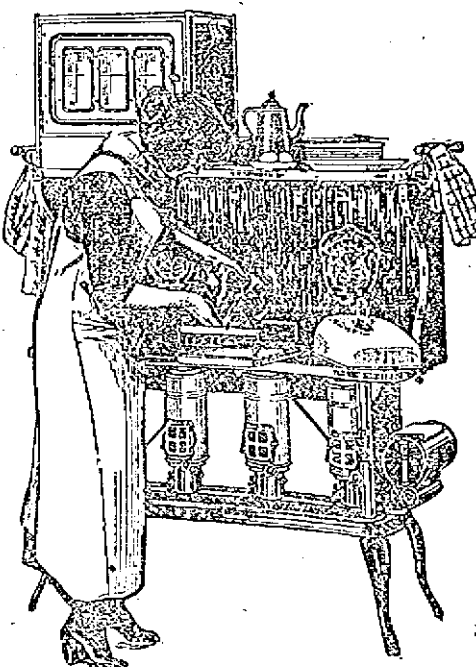

The Casino

Perhaps you don't know where to seek amusement this evening. Here's a suggestion—The Casino. Every night and on Saturday afternoon, free concerts are given at this popular resort, and the first dance is always free. The music played by the big Casino orchestra is invariably of genuine quality, for these musicians have played together for many months.

New Perfection
Oil Cook-stove.

Broils Both Sides At Once

Steaks and Chops well done or rare—just the way you like them—when you use a New Perfection Broiler with a New Perfection Oil Cook-Stove.

No dust. No coal. No ashes. No delay. Burns kerosene, the cheapest, cleanest fuel.

The new 4-burner New Perfection Stove is the best and most complete cook-stove made. Smaller stoves with 1, 2, or 3 burners.

Ask your dealer to show you a New Perfection stove with the New Perfection oven, toaster, pan-cake griddle and other accessories or write for descriptive catalogue to

STANDARD OIL COMPANY of New York

NEW LIQUOR INSPECTOR APPOINTED BLOODSHED IN NEW LONDON STRIKE

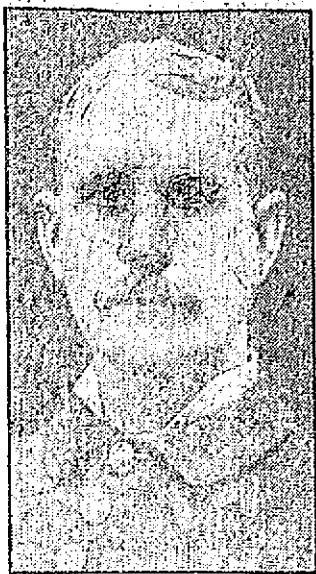

Thomas H. Hessian the
New Man on the
Job

Thomas H. Hessian has been appointed to the liquor squad of the police department to succeed the late Officer Frank Fox. John J. Linnane, who has been working nights, will take Officer Hessian's beat in upper Gorham street, days. The appointments were made by the mayor yesterday and took effect this morning. The mayor said he had not assigned anybody to Officer Linnane's beat in Centralville, nights.

How About Liquor Squad?

What are the members of the liquor squad doing to earn their money? This question has been asked several times, and it's a pertinent question, too. So far as we have any knowledge the liquor squad has not been doing very much. It has not been a very busy body in police court and if put to the test the squad would probably have a pretty hard time to show excuse for having anything to do with a pay envelope.

Men and women have been heard to complain that the traffic rules and regulations of which so much has been said and written, are not being enforced as they should because of the fact that the officers have too much ground to cover to admit of their doing justice to the enforcement of traffic regulations. If there is nothing for the liquor squad to do it might be timidity, or perhaps bravely, suggested,

THOMAS H. HESSIAN

that they be made to assist in enforcing the traffic rules and regulations.

Making Bad Whiskey

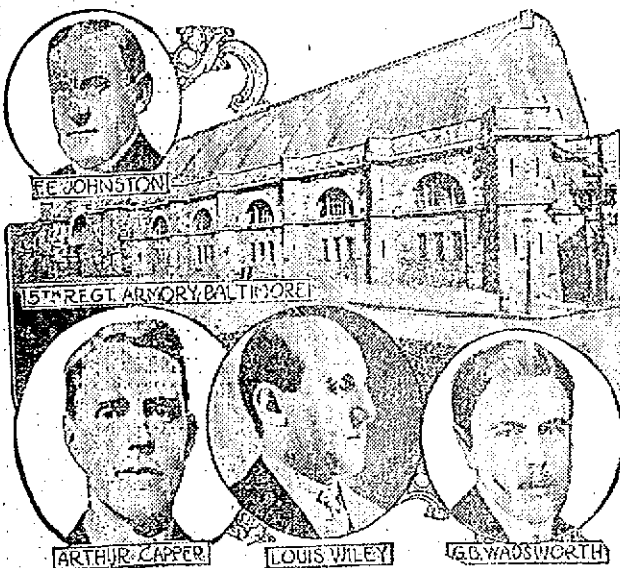

It has been stated, however, that there is work for the liquor squad to do if they would "go to it." It is reported that drug stores, not more than 100 miles from the police station, are making tanglefoot whiskey. If the reports relative to the manufacture of this "death-to-the-brain" stuff in certain drug stores is true, it is strange to say the least, that the liquor squad has been unable to locate the drug stores engaged in the nefarious work.

Strikers Attacked Police When Ordered to Move—Stones and Other Weapons Used

NEW LONDON, Conn., June 11.—In a clash between striking textile workers and the police here this morning several strikers were severely injured. The trouble occurred in the vicinity of the Brainerd & Armstrong silk mill where a body of weavers on strike had congregated and were informed by the company they had been discharged. They were ordered by the police to disperse but instead they attacked the latter with stones and other weapons. Sergeant Beche had been felled, other officers had been injured, including Patrolman Damas, whose shoulder had

been dislocated by a blow from a heavy stone and the police were having a hard time when reinforcements arrived. The latter used their clubs freely and when order was restored after half an hour's fight many of the strikers lay in the streets, while others, bruised and bleeding, were carried away in the patrol wagon to police headquarters. The others were afterward removed and given needed attention. A strong police guard was stationed about the mill to prevent further disturbance.

LOUIS WILEY DEFENDS NEWS-PAPERS AT BALTIMORE MEETING

LOUIS WILEY

BALTIMORE, June 11.—The convention of the Associated Advertising Clubs of America got down to business yesterday, with departmental meetings, of which there were 12 in progress simultaneously in the different company rooms at the Fifth regiment armory.

Louis Wiley, in an address at the general session, replied to remarks made by James Kealey of Chicago at Monday's meeting. Mr. Kealey had said that it was an astonishing commentary on the ethics of one of the great industries in the world that its business integrity was at so low an ebb that newspapers have to submit to the third degree to have established which, if any of them, are telling the truth about what they have to sell.

Mr. Wiley regretted the "unwarranted severity" of Mr. Kealey's attack upon a reputable business, a business as honestly conducted as any other in this broad land.

Continuing, Mr. Wiley said: "The recent demands of an advertisers' association for newspaper publishers to submit to an examination of their

books and press rooms for verification of their circulation statements, or upon refusal, forfeit advertising orders, have not met with encouragement from many self-respecting newspaper publishers.

"If an advertiser is in doubt about the value of a newspaper's circulation, it is his privilege and duty to seek information in any way he can obtain it, but it is an insult to the newspaper to ask it to submit to an examination of its books and to suggest that a certificate of the association will be supplied if the statement of the newspaper is found to be true."

Value of Advertising

BALTIMORE, Md., June 11.—The movement for higher standards in advertising which has steadily developed during the convention of the Associated Advertising Clubs of America here was further reflected at today's meetings.

Leading advertisers of the country spoke at the general session this forenoon, giving their opinions as to the value of the various advertising media from the viewpoint of the buyer of advertising.

THE 43RD ANNUAL GRADUATION

Of Mitchell Boys' School;
Billerica, Was Held
Today

ALEXANDER H. MITCHELL

The 43rd annual graduation exercises of the Mitchell Military Boys' school were held today at the school buildings in Billerica. A large number of friends was present and previous to the drills a concert was given by Barnard's orchestra on the large lawn in front of the school. The exercises started at 11 o'clock and about 200 people coming from different states throughout the Union were present and gathered on the campus to witness the military work by the boys.

The first number was the boys' manual setting up exercise, and this was followed by extended order movements and a skitish drill on the lower campus. Other exercises were gone through by the company which is composed of 31 boys and the military work was in charge of Captain James M. Gregg of Company K, M. V. M. of Lowell.

Directly after the exercises a luncheon was served with nearly 300 boys and guests participating. During luncheon music was furnished by the orchestra.

Promptly at 2 o'clock the exercises were opened in the gymnasium which was beautifully decorated with colored bunting and the National colors. Special mention should be given to the boys who delivered declamations and whose excellent work showed the results of thorough training by their teacher, Mrs. Fess Lamprell Whitely, of the Emerson college of oratory, Boston. The selections by the manly club were also very good and were given under the direction of Mr. William F. Lacey of this city. The declamations and musical selections lasted nearly 2 hours.

The following prizes were awarded by Headmaster Alexander H. Mitchell: Alumni cup, presented by the alumni to the boy obtaining the highest general average in scholarship in his studies. The winner of this cup was Harold W. Crockett of Lexington.

Sutton medal, donated by General Sutton and awarded to Captain Fleet Samuel A. Milliken for military excellence.

Head boy medal awarded to Willard A. Savage for his rank in scholarship and athletics and his popularity with the students and teachers.

Nason cups, awarded for excellence

in track and field events: 1st, Willard A. Savage, 2d, Foster C. Barnard, 3d, Herman C. Meyer. A junior cup was awarded to Daniel L. White.

The declamation judges were: Miss L. E. Smith, Rev. J. Harold Dale and Rev. Samuel H. Tobe.

The judges of the military exercises were: Major Alonzo Woodbine, Major C. W. Leach and Lieut. S. W. Walter.

TRAINED NURSE

SAYS COMFORT POWDER IS RIGHTLY NAMED

Eirona V. Marquis, a trained nurse of Jamaica, N. Y., says: "Comfort Powder is rightly named. I never felt more like prating anything for offensive perspiration, eczema, prickly heat and chafing." The scientific medication of Comfort Powder is what makes it so far superior to ordinary talcum powders and that's why physicians, trained nurses and mothers call it a "skin healing wonder." Be sure you get the genuine with signature of E. S. Sykes on box.

If you want help at home or in your business, try The Sun "Want" column.

PIMPLES ITCHED AND BURNED

Big, Red and Festered. Also Black-heads, Scratched Day and Night Until Became Sores, Cuticura Soap and Ointment Cured.

220 Humboldt St., Brooklyn, N. Y.—"About five years ago, pimples and black-heads came on my face and made it look fierce. They looked big and red and every one of them festered. They itched and burned, so badly that I scratched day and night until they became sores which could not get rid of. I did not have any decent sleep for about two years."

"I tried different remedies which I thought would do me good but found they didn't. I spent all kinds of money, but it was of no use, so I gave up hope. I found the advertisement of Cuticura Soap and Ointment in the paper and I said, 'I am going to try them for the last.' I used the Cuticura Soap and Ointment and in two weeks I saw the pimples and blackheads were disappearing, so I kept on using them until I was all cured." (Signed) George J. Solomon, June 20, 1912.

Why not use the best skin soap instead of the poorest? The difference in cost is trifling; the result in use often astonishing. Cuticura Soap does so much for poor complexion, red, rough hands, dry, thin and falling hair and baby skin troubles, especially when assisted by Cuticura Ointment, that no other can take its place. Cuticura Soap (23c) and Cuticura Ointment (50c) are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

47 Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

MATRIMONIAL

A pretty marriage was solemnized this morning at St. Louis' church, when Mr. John Joseph Drumm and Miss Marie Eva Moreau, two popular young people of this city, were united in the bonds of matrimony. The ceremony being performed at a nuptial mass celebrated at seven o'clock by Rev. L. C. Bedard. The happy couple were attended by Mr. Edward Burke and Miss Alb

4 DEAD, 5 MISSING AND 2 HURT

RACINE, Wis., June 11.—Four dead, two injured and five reported missing, is the result of the explosion of the boiler of the steam barge L. M. Peck, of Duluth while unloading coal at the Pugh coal docks in Racine harbor this morning.

The above number of casualties were given out by the officers of the vessel immediately after the accident. Further than this they would not commit themselves.

The stern of the boat was blown away and a stubborn fire threatened the steamer with total destruction. The police and fire departments and volunteers are making a desperate effort to locate the missing men.

HELD ON MURDER CHARGE TO DEMOBILIZE ARMIES

Continued

his report to Judge Charles A. Seward tomorrow. He will say that the woman died from a bullet wound apparently from a revolver.

This report will also be made to District Attorney Atwell of Lynn, who announced today that he would come here and investigate the killing in person.

Funeral Held Today

The body was given to relatives this morning and they immediately prepared for the funeral. Services will be held in the Greek church and the body will be buried in New Highland cemetery this afternoon.

It was believed that the burial would attract a great crowd and the police made arrangements to guard against disorder.

An inquest will be held tomorrow.

Prisoners Arraigned

The courtroom was packed when the 20 prisoners were arraigned before Judge Seward. The spectators were about evenly divided between friends of the accused and police officers. A son of the judge, Harry N. Seward, appeared as counsel for the defendants.

In the throng were a half dozen photographers who being pressed for room in which to operate were permitted to test their cameras on the judge's table. There was no demonstration and the proceedings were soon over. Many of those held were able to furnish bail at once and others sent friends out to raise the money for them.

Charge of murder against Hermann Pingree and the latter's wife was something of a surprise. When arrested last night they were charged with inciting to riot. Police guarded all approaches to the mill property today and other officers prevented persons on the streets from carrying banners. The mill continued in operation and about 200 employees were at work.

200 WORKERS RETURNED THIS MORNING—MORE ARRESTS

IPSWICH, June 11.—The Ipswich mills, near the gates of which one woman was killed and a number of persons severely injured during a riot last night, were opened this morning without further disturbance.

More than 100 police, brought from nearby cities and towns, guarded every approach to the factory gates. About 200 persons resumed work and nearly 400 remained on strike.

Three additional arrests, bringing the total to 13, were made today in connection with last night's rioting. Five of the arrested persons were injured in the rioting and are at the Salem hospital. All the others, together with Carroll L. Pingree of Lowell, his wife and Nathan Hermann of Boston, were brought into the local court this forenoon. The charge against the three named was inciting a riot and against the others the less serious charge of rioting was preferred. Thomas J. Halliday of Boston, secretary of the textile branch of the Industrial Workers of the World, and here to force the mill gates, and the place of the strike leaders who are in custody.

Halliday had not been in town two hours before he was taken into custody and lodged in jail for safe keeping. No charge was preferred against him.

STREET RESEMBLED A BATTLE-FIELD—ONE KILLED; MANY INJURED

IPSWICH, June 11.—One woman was killed, seven others were shot and seriously wounded, and nearly 50 persons, including several policemen, were clubbed and hurt by stones in a strike riot before the Ipswich mill gates at 6 o'clock last night.

Ballston street, a mill thoroughfare running to the mill gates, and where the rioting occurred, resembled a battle field after the fighting. Fighting body of strikers and sympathizers had been driven from it by the charging squads of police.

Men and women lay stretched in the street. Others, injured, crept away or were assisted by friends.

Lowell Leader Arrested

Thirteen men and women were arrested. Among them are Nathan Hermann of Boston and C. L. Pingree and his wife, Mary, of Lowell, leaders of the Industrial Workers of the World.

They are charged with inciting to riot resulting in murder. On this complaint there is no bail.

Three men and two women, all Greeks, who were shot, were rushed to the Salem hospital, where they were operated upon at once.

Two women who were clubbed were taken to the town hall, which was opened as a temporary hospital and to which, later, several others who were injured were taken.

Hurtled Stones at Officers

The fighting started when someone in a crowd of about 50 Greeks, few of whom were strikers, threw a stone at a squad of Lawrence policemen who had been stationed at Salter's street.

They were part of a detail of 25 officers sent to guard the operatives as they came from the mills at closing time.

The policemen, when the stone was thrown, were ordered to charge the crowd. They did so with drawn clubs. The crowd, accompanied by hundreds when the body of strikers saw what was happening, slowly gave way. They kept the police with stones, clubs and bottles. The air was full of missiles.

A stone wall, some six feet in height, separated the house just adjacent from the sidewalk. These houses are conducted as Greek boarding places.

The mob, followed by the officers, rushed through the gateway and over the stone wall, and the mob, which had been driven from their village point.

TODAY'S STOCK MARKET

NEW YORK MARKET

BRISK DEMAND

FOR ALL STOCKS AT THE OPENING TODAY

Big Gains Made—Cheerful Tone Characterized Today's Trading—International Stocks Became Weaker

NEW YORK, June 11.—The sharp upturn in stocks which began yesterday afternoon was continued at the opening today. Stocks of all classes were in brisk demand and both railroads and industrials advanced substantially. Gains of one to three points were made by Reading, Union Pacific, Northern Pacific, Baltimore & Ohio, Lehigh Valley, Canadian Pacific, Chesapeake & Ohio, Brooklyn Transit, Harvester, Rubber, Can. Amalgamated, Colorado Fuel and Republic Steel.

Buying diminished when the immediate requirements of the shorts had been satisfied and prices declined. Reactions reached a point in some instances. Great Northern, St. Paul, Southern Pacific and Steel receded to slightly below yesterday's closing.

A more cheerful tone characterized today's trading and compared with yesterday's narrow movement the market was narrow and calm.

The upward movement was influenced largely by the advance of American stocks in London. Commission house buying, covering of shorts and speculative purchases for the long account stimulated the list for a time but the demand was not well sustained and the upward movement lacked vigor.

With prices evincing no determined inclination to go up and bears hesitating to sell owing to the indications of support speculation became deadlocked. The list ruled above yesterday's final figures but advances were mostly fractional.

International stocks became weaker after a period of inaction. Canadian Pacific sold two points and St. Paul one point under last night and other stocks were down one to two points below their best prices. In fact the entire active was quoted under yesterday's final figures.

The market closed weak. Unloading of large blocks of Canadian Pacific sent down the price with a rush to 210 1-4 compared with 217 7-8 at the opening. The effect of demoralization in this stock spread through the list and there was slump in all quarters. Union Pacific sold at 137 3-4 and Steel at 49 7-8, both new low prices.

TOOK OATH OF OFFICE WOMEN HELD IN \$15,000

Solemn Ceremony at the Charged With Setting

Greek Church

CEREMONY PERFORMED BY REV. C. H. DEMETRY, D. D., PASTOR

New Board of Officers of Greek Community Vows Sworn Into Office—Pastor Will Leave Monday for Chicago

The newly elected directors of the Greek community of this city, headed by the present, Harry Demetry, took the oath of office last night at the ceremony being held at the Greek Orthodox church in Jefferson street, Rev. C. H. Demetry, D. D., officiating.

The temple was filled to the doors, for the entire board of directors is held in high esteem by the entire community. Mr. Demetry having served as treasurer of the colony for eight consecutive years, while this is his third term as president.

Rev. Fr. Demetry, who wore the church vestments, swore the new members in by making use of the bible, and at the close of the ceremony, which was most solemn, delivered a few remarks, congratulating the newly elected officers, and he pointed out to them their task as presiding officers of the Greek community in Lowell, which is one of the largest in the country. He told them to be loyal to their country and their adopted country, and what they do in the administration of affairs to do it in a conscientious and impartial way. He closed by bestowing his blessing on the new officers and the congregation.

The venerable pastor, who is a favorite in Lowell, then announced that he would leave this city next Monday for his new field of work at Chicago, saying he is making the change for the benefit of his health. This was received with regret among the many members of the parish, for Fr. Demetry was held in high esteem by all his flock as well as by the community at large.

Although the new officers took the oath of office last night, they will not go into office before the first week of July, at which time the board of directors will be sworn over to them.

A general meeting will be held and a report of the doings during the past year will be read.

WELCOME TO SEC. BRYAN

Big Reception on Visit to Boston

BOSTON, June 11.—Chairman Thomas P. Riley of the democratic state committee is planning for a big reception to Secretary of State Bryan when he arrives in this city on June 16.

Hundreds of democrats from every section of the state have already signified their intention of attending the dinner to be given by the Catholic League at the Hotel Marlborough.

Judge Riley is cooperating with the Charlestown association to make the reception to be given to Col. Bryan a notable one. With the prospect of Col. Roosevelt being the guest of the Charlestown club on the holiday, Charlestown will be busy entertaining its two famous guests.

Now that the contest plan is fully understood, everyone should include among their resolutions a promise to adhere to every principle suggested in the movement for good books. Resolve to do your part to the utmost in casting votes for the club or society you favor. You will find the contest a most interesting thing to participate in. It will bring a membership into closer bond and give added zest and strength to the fidelity you feel for same. You should get your committee appointed and place the responsibility of success upon them, but with a promise to follow their injunctions to the last moment. Give them this encouragement and you will see a campaign in Lowell that will challenge the best in political combat.

The first announcement of the vote will probably appear next Saturday and you will see a list of institutions and organizations that will surprise you, and particularly the number of votes cast. The Sun coupon will play a conspicuous part in the wonderful result. To show we have a committee look over this feature alone. The Sun coupon is the power behind the throne.

BARTLETT SCHOOL RUNNING 16 FT. BOILER IN HOT

WEATHER TO FORCE AIR THROUGH DRY CLOSETS

As a sample of the beauty of the dry closet system of heating and ventilation, one has but to visit the Bartlett school, one of the finest and best in Lowell.

It is selected by the state as a practice school and in order to comply with the absurd requirements of the Fuller and Warren system of keeping the force draft on the dry closets, the janitor has to run a 16 foot boiler in the hottest weather.

Thus a continuous waste of fuel is going on that is far worse than the smoke nuisance in its vilest form. The condition is not quite so bad in all the schools having this system as some have what is known as a furnace fire with a stack fire in the smoke flue.

This is the case in the High school and some others. The Carter Street school has also to run a boiler in all weather same as the Bartlett. The system is therefore, not only a nuisance, but a great source of unnecessary expense.

Experts allow that the defects of this whole system in the schools can be remedied for about \$20,000. It would be well worth the outlay to get rid of a nuisance that is not only a menace to health but a great consumer of coal.

How to Destroy the Dandruff Germ

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is subject is a well known fact, but when we realize that it is also indirectly responsible for many of the most serious cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to have a medicine the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also immediately stop falling hair and it has in numerous cases produced a hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you.

BROCKTON WON TWO IN A ROW

Lowell Pitchers Batted All Over
Lot by Shoe City Sluggers—

Score 13 to 5

After abusing Manager Gray's hospitality at Spaulding park Monday afternoon by defeating his baseball team by the score of 6 to 2 in their first visit to Lowell of this season, the Brockton boys lined up against the Spaulding City once again yesterday afternoon and again came out victorious.

Yesterday afternoon was ideal for baseball and it seemed that the weather man intended to make up for his poor treatment of the fans the day before. The attendance at the game was quite large.

Patsy Donovan, scout for the Boston American team was among the spectators in the grand stand.

First Inning

Maloney walked and Dowd also was passed. Flaherty sacrificed both along, himself being retired by Burroughs to Monahan. Howard walked on four successive balls filling the bases. Burroughs was removed and Zeiser sent in his place. Zeiser grooved the first ball and McGaffey drove it to left center for three bases, scoring all three runners. Baum went out, Miller to Monahan and McGaffey scored. Rufange scratched a single along the first base line, the ball striking the bag and bounding from Monahan. He was out diving to Anderson trying to steal second. Clemens grounded out, Dowd to Baum. Anderson threw DeGroat to Baum. Miller hit safely along the third base line to left field for two bases. Magee fanned.

Score—Brockton 4, Lowell 0.

Second Inning

Sullivan fanned. Magee made a wonderful one-hand catch of Anderson's long drive. Maloney rolled a slow hit to Zeiser and beat it out to first. He then ran for second and Dany threw over Miller's head. Maloney went to third on the error. He scored later on a passed ball by Daly. Dowd struck out.

Score—Brockton 5, Lowell 0.

Third Inning

Flaherty struck out. Howard was safe when Miller fumbled his last grounder. McGaffey bunted along the third base line and Zeiser juggled the ball in trying to field it. Howard went to second on the play. Baum hit through the pitcher's box and Miller, felled the ball and in a scuffle at second between Miller and Anderson, the ball was dropped. The bases were thus filled. Rufange singled to right scoring Howard. Sullivan singled to left, scoring McGaffey and Baum. Anderson hit to Anderson and Sullivan was out. Anderson to Miller. Rufange taking third and Anderson safe at first on the play. Zeiser threw out Maloney at first.

Thus far it did not appear that Lowell was destined to wipe out the disgrace of yesterday's defeat at the hands of Brockton. Anderson threw out Anderson at first. Beaver was sent in to bat for Zeiser and went out Dowd to Baum. Clemens was out Sullivan to Baum.

Score—Brockton 8, Lowell 0.

Fourth Inning

Beaver was now pitching for the home team. He walked Dowd. Flaherty popped one to Miller. Howard singled to right, Dowd going to third. Howard went to second and Anderson made a quick return to Daly but Burroughs called Dowd safe on his slide to the plate. McGaffey hit to Beaver, the ball glancing off his glove toward Miller, who also failed to handle it, and McGaffey was safe at first and Howard scored. McGaffey hit to Anderson. Baum fied out to Anderson. DeGroat got a three-bagger to left center and Miller fied out to Dowd. Magee was safe on Sullivan's error and DeGroat scored. Baum made a neat catch of Monahan's high fly, rolling over on his back but still retaining the ball when he arose. Anderson fied

up a slow one to Daly and Magee went to second. Dee fanned.

Score—Brockton 10, Lowell 1.

Fifth Inning

Rufange walked and Sullivan bunted along the third base line. Daly fied the ball to Monahan who dropped it; both men safe. Anderson hit to Dee, who threw to Miller forcing out Rufange. Maloney hit to Beaver, who threw to Daly to DeGroat, when Rufange was doubled up between second and third and the runner was finally called out when the ball hit him. On a double-steal Maloney went to second and Anderson came home. Dowd walked and Flaherty fied out to Magee.

Anderson fied out to McGaffey in right field. Beaver out. Anderson to Baum. Clemens was safe on Dowd's error. DeGroat fied to Maloney.

Score—Brockton 11, Lowell 1.

Sixth Inning

In the sixth inning Brockton went out in order, much to the spectators' surprise. Howard was thrown out by Anderson at first. McGaffey popped one up to Miller. Baum sent out a high fly to center which Clemens got under. No runs.

Lowell went in and scored one run in her half of this inning. Miller opened with a sharp single to center. Magee singled to left. Miller taking third on the play. When Maloney threw to third in an attempt to head off Miller Magee tried to make second but was thrown out. Maloney to Flaherty to Sullivan. Monahan singled to center, scoring Miller. Daly hit to Flaherty at third and Monahan was forced out at second. Flaherty to Dowd. Dee got a single along the third base line. Anderson closed out the inning with two men on by fying out to Sullivan. One run.

Seventh Inning

Four men faced Beaver in the seventh. Rufange was out when Beaver fied his grounder to first. Sullivan walked. The Brockton pitcher hit to Miller and was thrown out. Miller to Monahan. Maloney was out at first when he hit a fast grounder to short. No runs.

Lowell hit to Anderson for three hits in her half and coupled with an error, scored two runs. Beaver was safe on Dowd's misplay. Clemens hit to the pitcher and reached first base on a fielder's choice, Beaver being thrown out at second. DeGroat walked the ball to left center for two bases and Clemens came home. Miller hit to Flaherty to Baum. DeGroat took third. Magee singled to left, scoring DeGroat. Monahan got a base hit to right, Magee going to third. Daly hit to Dowd and Monahan was out. Dowd to Sullivan. Two runs.

Eighth Inning

Dowd opened the eighth by hitting a savage grounder to Anderson which the latter fied beautifully. Flaherty fied out to DeGroat. Howard walked and stole second but was left there when McGaffey popped to Miller. No runs.

Ninth Inning

Dowd went out simply enough in the last inning. Miller to Monahan. Beaver threw out Rufange at first. With two out Brockton scored two more runs. Sullivan walked and scored when Anderson hit out a double to right that struck the fence. Maloney singled into Magee's territory and Anderson scored. Dowd fied out to Magee. Two runs.

EXPERTS PREDICT AMERICA WILL DEFEAT
GERMANS IN DAVIS CUP PRELIMINARIES

NEW YORK, June 11.—Now that America has triumphed in four out of five matches from Australia and is a round nearer the Davis cup it makes the going look a little easier to land the famous trophy in this country. With Australia out of the way America next plays the Germans, who defeated the French recently. McLoughlin, Hackett and Williams will sail for England shortly, where they will participate in the All England championships at Wimbledon and subse-

quently work their way to Germany to decide the second round in the Davis cup preliminaries. The Kaiser's representatives are likely to prove a harder foe than the Antipodeans, but Charles Hackett, the English professional, who taught the German team a few points of the game, believes that America will eliminate the fatherland players. If McLoughlin maintains the speed he showed against the Australians in the foreign matches almost every racket welder in Europe will be forced to

DIAMOND DAZZLES

It is safe to say that the Lowell fans will never have to watch either Beaver or Burroughs perform, or rather fail to perform, again. Burroughs aside from being wild as a hawk, simply lobbed the ball up to the plate and Beaver was little better. Beaver received his blue envelope from Secretary John Cull as soon as he arrived at the baseball headquarters last night.

Yesterday's game is the first in which either Daly or Miller has worked badly, but when they did slump they fell down hard. It would not be surprising to see Lowell go along and play practically errorless ball after getting all these misplays out of her system. Here's hoping!

That was some catch of Jimmy Magee's in the second inning when he pulled down Anderson's drive into left center. Magee caught the ball in his gloved hand while traveling at full speed.

Howard is a valuable man for any ball club to have possession of. He is always in the game and is the hardest worker on the Brockton team. Even with his team safely in the lead this player takes all kinds of chances to himself in order to get an extra base. He is a very clever man on paths and a hard baserunner to tag.

Carlstrom's record of playing 25 consecutive games without an error will probably stand among first basemen in this league for a long time. The Lawrence first sacker made his first misplay of the season yesterday when he threw into the Worcester grandstand before being set for the throw.

Burns, who was with Lowell the first of the season, is playing a great game in center field for Hixson Duffy. He is catching the ball hard. The New England league has a galaxy of outfielders this year who are playing a wonderful brand of ball. Our own outfield will not suffer much when compared with any of them.

Saturday will see the first double header of the season played at Spaulding park with Lynn the visiting opponents. Lynn is playing fast baseball just now and should prove a good attraction for the week end game.

how before him, according to Coach Hackett. The country's victory over Australia reads like a personal triumph for the fiery Californian. Out of the three matches necessary to clinch the series McLoughlin won two. It fell to the lot of the young national champion to open the series against Australia. Taking on the veteran Horace Rice, the Californian defeated the visitor in three straight sets, allowing him but seven games out of the total number. His next achievement was in the doubles with Hackett against Jones and Doust. Mainly on McLoughlin's magnificent playing the foreigners were forced to five sets before they were able to win the match. With the score two to one in his team's favor McLoughlin drew Stanley Doust as his next opponent. This country only needed one more match to capture the series. If the champion lost his match the task of pulling America out a winner would fall on Williams, the Harvard freshman, but the Californian took good care to see that things didn't get that far. Although he let down on his tornado-like attack, McLoughlin handled the visiting captain in three straight sets in the last game on the West Side courts. The victory gave the westerner six sets in singles against Rice and Doust without the loss of a set. Williams' match with Rice with a series already decided was in the form of an exhibition and a mighty strenuous one, too. The Antipodean sneaked over two sets before the Harvard star knew what was up. Rallying gallantly, Williams got on the job and won the next three sets that gave him the match. Upper picture shows scene on West Side tennis courts, Hackett and McLoughlin playing Doust and Jones in the doubles.

SUES FOR LOSS OF EYE

Boston Man Asks for \$10,000 Damages

BOSTON, June 11.—Dr. John Morgan of 32 Huntington avenue, a wealthy oculist of the Back Bay, has been sued for \$10,000 by James W. Ray of Boston. Ray alleges the oculist caused him to lose one eye by negligent treatment.

Ray says Dr. Morgan performed an operation on one of his eyes on April 5, 1911. He says the doctor agreed to remove a cataract from it for \$50, and got his money, but did the work so carelessly and negligently, he alleges, that the eye had to be removed to save the sight of the other one.

Ray Players at Capitol
WASHINGTON, June 11.—Fare boys in the senate wing of the capital today looked with awe upon a spot immediately in front of the vice president's restroom. It was hallowed ground. Only yesterday Walter Johnson, premier pitcher of the American league, and his two mates on the Washington nine, Robert Groom, pitcher, and Clyde Milan, speedy centerfielder, had stood upon the carpet and actually had shaken hands with the boys.

The ball players were on a sightseeing trip of the capital when the boys spied them.

AMATEUR BASEBALL
A \$400 prize is the prize for which the South Linds and the South Parks will clash in a baseball game on the South common Saturday afternoon at 2 o'clock. The money will be put up Friday and at that time the umpire will be chosen. Each team has a host of rooters and the game will doubtless be one of the fastest and hardest fought amateur contests of the season.

FINAL ROUND OF PLAY AMERICA WINS AT POLO

Women Golfers Out for 30,000 Saw the British Team Defeated

WEST NEWTON, June 11.—The third and final round of the 51 hole medal play championship of the Women's Eastern Golf association was played today on the links of the Braeburn club with Mrs. Barlow of Philadelphia a four stroke leader when the play began. She was closely pressed by Miss Margaret Curtis of the Country club, the national champion, while eight strokes behind the leader were Miss Harriet Curtis of the Country club and Mrs. Clarence Vanderbeck of Philadelphia. All four of these players were conceded to have a chance for the title won last year by Mrs. Barlow.

This feeling was caused by the series of unexpected developments that happened on the eve of the battle, but the moment the rival teams got under way yesterday it was plain to see that the American team was underestimated, and that the Britishers were a trifle overrated. Thirty thousand saw the match.

HEADLESS BODY FOUND

Woman Threw Herself in Front of Train

CAMBRIDGE, June 11.—Eluding a searching party of policemen, a woman whose name is believed to be A. M. Robinson, committed suicide early today by throwing herself in front of a Boston & Maine train near Porter station.

The woman was seen lying on the track by the station agent late last night but when the agent approached her the woman fled. The police were notified but a search of the neighborhood revealed no trace of her until daylight when her headless body was found near the place where she had been seen last night. The clue to her name was furnished by the markings on her clothes. She was about 35 years old.

KILLED BY WOMAN'S BLOW

Man Was Struck on Head With Axe

BOSTON, June 11.—Giuseppe di Fiore, who has been in the East Boston Relief hospital since last Saturday with a fractured skull, the result of being struck on the head with an ax by Mrs. Gemma Callabrese of 337 East Eagle street, died at the hospital yesterday afternoon from his injuries.

Mrs. Callabrese, who had been released on bail, was rearrested last night and will be charged, in the East Boston court today, with manslaughter.

U. S. Crop Conditions
WASHINGTON, June 11.—General crop conditions on June 1 averaged for the United States 0.5 per cent. lower than on the same date last year and 1.2 per cent. lower than the average condition on June 1 of recent years, the department of agriculture announced today. Conditions generally are somewhat below average in states east of the Mississippi river except Pennsylvania, Ohio, Wisconsin, Tennessee and Mississippi, and above average conditions west of the Mississippi river except in North Dakota, Kansas, Oklahoma, Montana, New Mexico, Arizona, Utah, Idaho and California.

People Who Buy Good Pianos

Seem to have a preference for our store.

BECAUSE we give them such nice instruments and have the largest stock of ARTISTIC PIANOS to be found in this city, to make their selection from.

They look around when they buy their pianos and find that we not only give them a larger variety to select from, but they get much BETTER VALUES than they could get elsewhere in Lowell.

ABANDON GRAND JURY INQUIRY

No Evidence of Attempt to Bribe
Juror Shuman in the Dynamite Case

BOSTON, June 11.—The court inquiry into the alleged attempt to bribe one of the jurors in the recent conspiracy trial was abandoned today, when District Attorney Joseph C. Pelletier announced to Judge John C. Crosby that during the grand jury investigation of the affair no evidence had been discovered that would in the slightest degree reflect against any of the defendant or counsel in the case.

Henry F. Harburt, counsel for President William M. Wood of the American Woolen Co., opened the proceedings by stating he had asked an investigation because he believed that the charge of attempted bribery warranted such action. He said that since the district attorney had informed him that no evidence had been discovered that would warrant any suspicion against either defendant or attorney he saw no reason why the inquiry should progress further.

"No intimation can be made hereafter," said the district attorney to the court, "that either counsel or defendants approached either directly or indirectly any member of the jury. The grand jury is making a most thorough investigation and the net result is that there is nothing to implicate counsel, defendants or any member of the panel except Juror Shuman who properly represented to the court that some one had approached him."

Judge Crosby said that in view of the grand jury investigation it seemed that nothing could now be said that would in any way reflect on defendants, counsel or jurymen.

Because of the statements of Mr. Harburt and Mr. Pelletier the court thought nothing would be gained by further investigation and that the ends of justice will be served by ending the matter.

The inquiry was thereupon abandoned.

TURKISH MINISTER ASSASSINATED

Mahmoud Schefket Pasha Was Killed When Armed Men Attacked Him in His Auto

CONSTANTINOPLE, June 11.—The Turkish grand vizier, Mahmoud Schefket Pasha, was assassinated today by two men armed with revolvers who attacked him when he was proceeding in his motor car to the Sublime Porte at noon.

Schefket Pasha was of pure Arab blood and a native of Baghdad. He was brought to Constantinople with his family when he was a boy. After studying at the military school he graduated at eighteen years of age with the highest honors. He was a great favorite of the former sultan Abdul Hamid, who appointed him to the general staff. Afterwards he proceeded to Germany and stayed there ten years studying the organization of the German army. He was the moving

spirit in fostering the military revolution which brought about the fall of Abdul Hamid. Soon after the outbreak of the Balkan war he was appointed chief of the commissariat department and he was one of those present at the grand council of the empire which decided in January this year to accept the proposal of the European powers to bring the war to an end.

It is believed in government circles here that the assassination of the grand vizier was the outcome of a plot against the committee of union and progress.

Abd el Camp Also Killed

Abraham Bey, the aide de camp of Schefket Pasha, also was killed by the assassins. It is understood the men who committed the crime were Egyptian.

SAYS THAT COMPETITION EXISTS

Evidence Introduced at Dissolution Proceedings Against Shoe Machinery Co.

BOSTON, June 11.—Evidence tending to show that competition still exists in the shoe machinery business was introduced by the defense today at the dissolution proceedings against the United Shoe Machinery Co. as an unlawful monopoly operating in restraint of trade.

Edwin A. Webster of the Haverhill Shoe Machinery Co. testified on cross-examination by Charles F. Choate, counsel for the defense, that his company could supply a complete line of machinery for making what are called turn shoes. He also testified that his company could supply a full line of shoe machinery for welt and other kinds of machines. Parts of this machinery, he said, was manufactured in England and part here.

The witness testified that the company had been doing business since 1897 and that it has machinery in 28 factories which use machines of the United company. The witness stated on redirect examination by James A. Fowler, assistant to the United States attorney-general, that it would be impossible for his company to supply a shoe factory capable of turning out 6,000 pairs of shoes a day without going abroad for part of the machinery.

Mr. Choate brought out that about 250,000,000 pairs of shoes were made in the United States last year and that the majority of factories had a capacity of not more than 1,000 pairs of shoes a day.

Mr. Fowler was unable on objection of Mr. Choate to introduce testimony of the witness that his company was selling machines much cheaper than the United company was supplying similar machines on royalty.

The witness was permitted to testify, however, that his company was selling machines outright for from \$200 to \$500 each and was renting the same at \$50 a month, half of the rental going toward the purchase price monthly.

George W. Malloy, agent of the Raytheon Manufacturing company, another independent shoe machinery company, took over the plant operated by the late Henry F. Rogers at Fairhaven for manufacturing shoe machinery and was not yet able to place a line of machinery on the market. What machines were manufactured, he said, were merely being tried out in various factories. None had been leased or sold, he said, that related to the bottoming of shoes, but several polishers and

edge-setting machines had been perfected and were now on the market.

Charles Morse of Brookline, formerly in business as the Filled Shoe Machinery Co. of Boston, testified to an attempt on the part of Sidney Winslow, president of the United Shoe Machinery Co., to buy him out in 1902.

"I see you are making some pegging machines," said Winslow, according to the witness, when the latter called at Mr. Winslow's office in response to a telephone message. "You don't suppose we are going to allow you to put them on the market," continued Winslow.

"Why not?" replied the witness. "I have been making pegging machines a long time."

Mr. Winslow then said it would interfere with his business, and offered to buy the witness out for \$50,000.

Witness said he was doing business of \$175,000 when the United company was formed in 1902. He testified that he sold out in 1905 to Samuel H. Nichols of Brockton. He said he had installed two of his machines in the factory of W. D. Brackett in Manchester, N. H., when he had to take his machines out because the proprietors had made a deal with the United company.

Charles Johnson of Lynn testified to an attempt on the part of Mr. Winslow to buy out the Tripp Giant Leveler Co., with which he was formerly connected. Two conferences, he said, were held with Mr. Winslow but no sale was made because witness said he regarded that the written contract did not agree with the verbal understanding previously reached.

Times testified that on leaving the conference Winslow put his arm on his shoulder and said: "Johnson, you had better sign our proposition because we are going to have your business anyway."

Gary Testifies at Steel Case

NEW YORK, June 11.—Judge Elbert Gary, chairman of the New York Steel Corporation, testified today that the thought under some circumstances it was thought perfectly proper for a purchaser to enter into a contract with the seller, that the latter should not compete with the purchaser after having sold out to him. Judge Gary was under cross-examination in the hearing of the suit to dissolve the corporation.

THREW BAG AT ASQUITH

Flour Dropped Near Speaker's Chair

LONDON, June 11.—While Premier Asquith was speaking in the house of commons this afternoon a bag thrown from the strangers' gallery fell near the speaker's chair and burst, covering the surrounding seats with flour. At the same time a batch of leaflets fluttered down.

Westfield Pure Food List

This famous Board of Health says: "We desire to submit a list of food products which were found of high grade and worthy of honorable mention." In this honor list is Malt Breakfast Food. No further endorsement is needed.

Ask your grocer, or write to The Malted Cereals Co., Burlington, Vt.

tered down, thrown by a young man who shouted something about 'Miss Davidson, the suffragette martyr.' The missile was intended for the premier and fell to the floor. The thrower was quickly ejected from the house. When the members had recovered from their astonishment they cheered the premier who then resumed his speech.

AUTO WHEEL COLLAPSED

Two Occupants Were Seriously Injured

GARDNER, June 11.—Mrs. Thomas Doolin of Brookline, wife of the president of a Boston company manufacturing a proprietary food, and Mrs. Frank R. Fisher, wife of a prominent resident of Pittsfield, N. H., were seriously injured in an auto accident near Ashburham today. Both women were brought to a hospital here. They will recover. The accident was caused by the collapse of a front wheel, which dished the car and threw the women onto a heap of stones.

FOSS STRIKERS REJECT

Proposition by the Arbitration Board

BOSTON, June 11.—Unanimous rejection of the proposition offered by the state board of conciliation and arbitration was voted yesterday afternoon by the men and women who are out from the two Hyde Park plants of Gov. Foss. The strikers further decided to continue their industrial warfare against the governor until they have won their original demands of a 20 per cent. increase.

The state board recommended that the strikers go back to work, and that a committee of three, one man named by the governor, one by the strikers and the third to be agreed upon by the two contending parties, investigate the wages paid by competitors of Gov. Foss in this state, so that a fair wage for the workmen could be decided upon.

GOV. FOSS WINS FIGHT

Veto on the Milk Bill Sustained by Senate

BOSTON, June 11.—Governor Foss won his fight in opposition to the bill requiring milk brought from another state to be labeled "out of the state" when the senate today sustained his veto by a vote of 19 to 17.

The house passed the bill over the veto yesterday by a substantial vote.

In his veto message Gov. Foss contended that the measure would arouse retaliatory legislation by other New England states.

A SUDDEN DEATH

Former Resident of Lowell Died In Lawrence on Monday Evening From Heart Trouble

Miss Julia Casey, a former resident of this city, where she was born, died suddenly in Lawrence Monday night, after completing her day's work at the Arlington mill, where she had been employed for a number of years.

Miss Casey worked all day in the morning department of the Arlington mill and at night returned to her home, 1 Acton street, where she was taken ill at 10.30 o'clock with acute heart trouble and before a physician could be summoned she passed away.

Deceased who was about 46 years of age was well known in this city where she lived for several years. She is survived by two sisters, Miss Nellie Casey and Mrs. Catherine Healey, both of Nashua, N. H.

MAYOR O'DONNELL

Has Many Invitations to Attend School Graduations—G. A. R. Ladies to Present Flag

Mayor O'Donnell is in receipt of several invitations having to do with commencement exercises and other functions of a social nature. The St. Anthony society of Lowell is to hold a celebration, Sunday, June 15 and the mayor has been invited to be present. His Honor has received an invitation to be present at the commencement exercises at the state normal school, Tuesday, June 17, and commencement exercises at Notre Dame academy, June 18.

Next Friday afternoon the ladies of the G. A. R. will present a flag to the Franklin school and the mayor's presence is requested.

Importance of Secondary Schools

BOSTON, June 11.—The importance of secondary schools in solving educational problems was emphasized in the report of the directors of the Congressional Education Society, presented today at the annual meeting of the organization. The policy of the society, the directors declare, "should be to encourage the enlargement of the most promising academies that now seek the society's aid and concentrate its energies in assisting their development."

During the past year the society's receipts were \$23,742, an increase of \$14,200 over the year before.

WELL KNOWN RESIDENT

Ed. O'Heir Retired Merchant Passes Away

One of the oldest and best known citizens of this city, Edward O'Heir, a former furniture dealer of Lowell, passed away this morning at his home, 68 Lane street, after being ill only ten days. Deceased, if he had lived, would have been 57 years of age next September.

Edward O'Heir was born in Sorel,

Que., and received his early education in his native city. He came to Lowell 46 years ago and shortly after his arrival opened a hay and grain store. He conducted this business successfully for about 15 years, when he shifted over to the furniture business.

Deceased after a successful business career retired from active work about 10 years ago. He always enjoyed the best of health up to ten days ago when he took ill. He was prominent in business circles and his demise will be keenly felt by all who knew him, for he was of a genial disposition that readily won the warmest friendship. He was a good church member and a constant attendant at Notre Dame de Lourdes church in Branch street.

He is survived by three sons, Albert
